Date	Description	Amount (s)	Balance (s)
03 May	ATM withdrawal: Phobos	-86,400	269,806,795
	A withdrawal made on the 3rd was not posted until 30 days later, because the machine at Phobos had been serviced and its ledger carried away to be read by hand. The custodian who read it reports that the figures had been right all along; the machine had simply not been asked. Ref. CIBT-2972-1F30-0		
08 May	Temporal Health Plan	-23,698	269,783,097
	Reimbursement for 3 sessions at Phobos was held for 29 days while the provider's records were reconciled with ours. The plan regrets the delay and has added 30 days to your cover period, at no cost to you. Ref. CIBT-2972-E1A8-1		
11 May	ATM withdrawal: Phobos	-259,200	269,523,897
	You draw 3 Standard days at Phobos on the 11th of every month, and the machine has begun to offer it before you have touched the keys. The custodian reports this as a courtesy of the machine's, not of the Bank's. Ref. CIBT-2972-FB83-5		
19 May	Payroll credit: Ganymede Heights Infirmary	+2,376,149	271,900,046
	Ganymede Heights Infirmary pays in whole sols and the Bank posts in whole seconds, so each credit carries a small gap. This month the gap is 0.969, which the payroll office has asked us to leave in the account, where it can be seen to be there. Ref. CIBT-2972-B658-1		
19 May	Transfer to own account: Phobos	-12,792,120	259,107,926
	Internal audit asks that every sundry under one sol be listed on this statement however small, and this one is listed. Its value is 0.976. The audit has no further comment, which the Bank has decided to take as a compliment. Ref. CIBT-2972-1D00-5		
31 May	Interest at 3.90% APY	+877,152	259,985,078
	The Teller reads the interest out before the balance, the balance before the interest, and then both together, which the Teller says is the order the account was opened in. The register does not say so, but nobody has checked. Ref. CIBT-2972-A7A2-7

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
