Opening balance	Credits	Debits	Closing balance
158,567,947 s	**+2,891,494 s**	**-19,906,044 s**	**141,553,397 s**

Date	Description	Amount (s)	Balance (s)
04 Aug	Transfer to own account: Titan	-19,786,197	138,781,750
	The gauge on the Head Office roof reads in hours as well as in millimetres, a habit the Bank adopted in 2957 and has never been able to drop. The sundry was therefore posted a day late, and the day has been entered as a day. Ref. CIBT-2973-31EE-1		
10 Aug	Temporal Health Plan	-31,647	138,750,103
	The officer asks that receipts travel separately from the cheques they refer to. The rule has been in the plan since it was first written down, and nobody has yet found a good reason to change it. Ref. CIBT-2973-3DE6-5		
13 Aug	Slippage fee (Titan, 3 transfers)	-1,800	138,748,303
	A crossing that could not be found on the relay's log was found on the Bank's, under 8564-7960-9708. It had been sent once, correctly, and the fee for it is 1,800 s, which was owed all along. Ref. CIBT-2973-7F1B-3		
14 Aug	Payroll credit: Ganymede Heights Infirmary	+2,376,149	141,124,452
	Ganymede Heights Infirmary pays at Titan by a sealed tally, broken at the counter and read aloud. The tally was broken on the 14th and read out in full. The officer on duty reports that the reading was clear, and that no one at the counter claimed to have heard it before. Ref. CIBT-2973-D48E-8		
23 Aug	ATM withdrawal: Titan	-86,400	141,038,052
	Correction explained: the receipt for your One Standard day withdrawal at Titan gave the time as the machine's own clock, which was 31 seconds fast. The withdrawal is recorded at the branch clock, which is the one that counts for statements. Ref. CIBT-2973-D9E1-6		
31 Aug	Interest at 3.90% APY	+515,345	141,553,397
	The Teller weighed the interest slip on the branch's paper scale, which is not calibrated for money, and reports that the slip is heavier than the sum it carries. She considers this a fair division of the work. Ref. CIBT-2973-618B-8

September 2972 August 2973

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
