| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 14 Mar | Slippage fee (The Belt, 2 transfers) | -600 | 144,150,895 |
| | The auditors queried the 600-second difference between the relay's log and ours. It is the time the first transfer spent deciding to leave. The relay's log has no entry for deciding, and the auditors have accepted the Bank's explanation. Ref. CIBT-2991-4D7C-5 | | |
| 26 Mar | ATM withdrawal: The Belt | -172,800 | 143,978,095 |
| | Asked to confirm the withdrawal at The Belt, you gave the same answer twice. The Teller describes this as the only sensible reply the machine has ever been given. Ref. CIBT-2991-C1B5-8 | | |
| 27 Mar | Deposit: Hall E | +7,618,163 | 151,596,258 |
| | The envelope was posted to Hall E on the 27th and sat 29 days in the night safe, where the Bank keeps envelopes that arrive after the counter has closed. It had been sealed correctly; the counter had shut early for the retirement of an officer who had served at that window for longer than the glass had been in it. Ref. CIBT-2991-888C-8 | | |
| 28 Mar | ATM withdrawal: The Belt | -259,200 | 151,337,058 |
| | The 3 Standard days was held at The Belt while a dust front closed the concourse for 29 days. The machine kept the sum in its tray, which is the safest place, the custodian says, that it could have been kept. Ref. CIBT-2991-6F1A-1 | | |
| 29 Mar | Mech Veterans' Time Pension | +314,387 | 151,651,445 |
| | The Pensions Office has had a letter from Kepler Ring Hydroponics, asking whether it still owes you anything. The letter has been filed under the heading the Office uses for all such letters, and the answer, which is no, has been sent. Ref. CIBT-2991-C555-9 | | |
| 31 Mar | Interest at 3.20% APY | +384,403 | 152,035,848 |
| | Posting was held 31 days, because the day the interest fell on was declared a holiday at The Belt after the schedule had been printed. The holiday was observed, the schedule was not, and the interest followed once both had caught up. Ref. CIBT-2991-54A0-1 | | |

### Closing balance, month by month

Highest 152,035,848 s · lowest 116,487,285 s

April 2990 — March 2991

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
