Period 1–31 May 2995
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
123,372,931 s	**+640,998 s**	**-10,199,915 s**	**113,814,014 s**

Date	Description	Amount (s)	Balance (s)
10 May	Slippage fee (Luna, 6 transfers)	-3,600	123,369,331
	Your standing transfer of 3,600 to 8564-4788-4334 crosses the clock boundary on the 10th of every month and is charged the crossing fee each time. It has done so since 2990, and it is the largest single line on your slippage each year. Ref. CIBT-2995-3BF6-8		
14 May	Transfer to own account: Luna	-9,937,115	113,432,216
	Charged by Luna, which bills for the paper a transfer is written on, counted in days, that being the unit paper is counted in on that world. The Bank has converted the charge into seconds and returned the remainder to the office with a covering note. Ref. CIBT-2995-C614-9		
16 May	Mech Veterans' Time Pension	+312,004	113,744,220
	Asked why the largest note always goes nearest the window, the Teller said the veteran had once asked the same question, and that it is still the only answer she has been able to give. Ref. CIBT-2995-00E0-0		
23 May	ATM withdrawal: Luna	-259,200	113,485,020
	The withdrawal on the 23rd at Luna was paid late in the local evening, after the lamps were lit, to the second, which the Teller considers a fitting way to take money from a machine that keeps time. Ref. CIBT-2995-A44A-1		
31 May	Interest at 3.20% APY	+328,994	113,814,014
	At the firm's request, the Kepler Ring Hydroponics line is paid in days and converted at the close, since the firm keeps its books on that unit. The rounding goes to the firm, which has asked us not to mention it. Ref. CIBT-2995-5F61-3		

Closing balance, month by month

Highest 141,419,476 s · lowest 107,874,816 s

June 2994 May 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
