Soren Voss-Gunnarsdottir
Unit 273, Pallas Ring 10

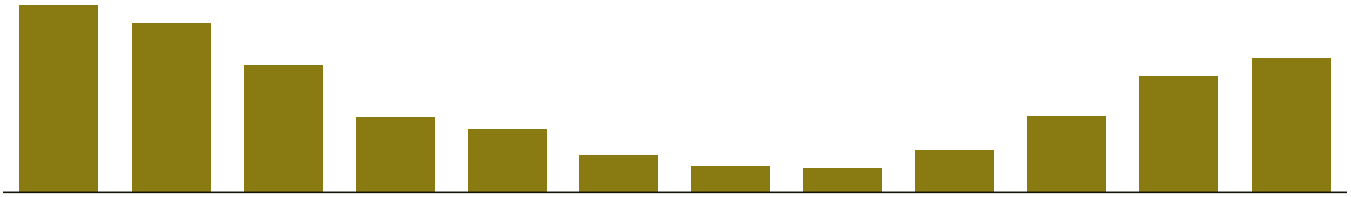

Account 8564-7993-0708
Period 1–31 October 2999
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
98,456,163 s	**+3,756,102 s**	**-177,600 s**	**102,034,665 s**

Date	Description	Amount (s)	Balance (s)
05 Oct	Payroll credit: Kepler Ring Hydroponics	+674,333	99,130,496
	The Kepler Ring Hydroponics figure was 0.30 seconds below the sum the employer gave us, and the Bank has added the difference back at the posted rate. The rounding clause in your terms says the wage is shown in whole seconds. It does not say which whole second. Ref. CIBT-2999-B3EF-7		
17 Oct	Mech Veterans' Time Pension	+262,335	99,392,831
	A deduction of 0.30 s on the last statement was in fact a refund of an earlier deduction made in error. The two entries have been netted on this line so that the statement agrees with the ledger, and the netting is explained beneath it. Ref. CIBT-2999-2DD6-1		
18 Oct	ATM withdrawal: New Orleans Sector	-86,400	99,306,431
	The withdrawal was held 30 days because the clerk who signs for the machine's cash was on a shuttle, and the shuttle keeps its own timetable. The cash was paid the morning she landed. Ref. CIBT-2999-5AAB-0		
19 Oct	Deposit: Hall E	+2,556,885	101,863,316
	The envelope was posted to Hall E on the 19th and sat 28 days in the night safe, where the Bank keeps envelopes that arrive after the counter has closed. It had been sealed correctly; the counter had shut early for the retirement of an officer who had served at that window for longer than the glass had been in it. Ref. CIBT-2999-50DD-8		
24 Oct	ATM withdrawal: New Orleans Sector	-86,400	101,776,916
	The cash-time withdrawal at New Orleans Sector was counted once by the machine and once by you, and both counts gave 86,400. The officer on the concourse asked which one he should record. You said the one that agreed with the other. Ref. CIBT-2999-C8DF-2		
29 Oct	Slippage fee (New Orleans Sector, 8 transfers)	-4,800	101,772,116
	The fee is 4,800 seconds, and the Teller would like it noted that she has been paid in seconds for longer than in anything else, and does not feel the worse for it. Ref. CIBT-2999-82F0-5		
31 Oct	Interest at 3.20% APY	+262,549	102,034,665
	Part of the interest waited at the New Orleans Sector relay while the local office explained that its own day had been split in two for a festival. The second half had to be counted from the first. Ref. CIBT-2999-0307-3		

Closing balance, month by month

Highest 112,569,364 s · lowest 80,294,688 s

November 2998 — October 2999

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
