Date	Description	Amount (s)	Balance (s)
04 Jan	Payroll credit: Kepler Ring Hydroponics	+674,333	78,494,995
	A standing credit from Kepler Ring Hydroponics arrives on the 4th of each month, and it has been paid into 8564-7993-0708 since 3000. At each renewal one word on the advice slip has changed: "salary", then "wages", then "pay". The sum has not changed. Ref. CIBT-3004-5697-8		
13 Jan	Mech Veterans' Time Pension	+245,428	78,740,423
	The Europa desk pays pensions down a shaft in the ice, the payment being lowered on the Tuesday and arriving on the Friday. The desk considers this a fixed feature of the route and not a delay, and the Bank has come to agree. Ref. CIBT-3004-9CD3-2		
18 Jan	Transfer to own account: Io	-5,588,760	73,151,663
	Sundry credit of 14 seconds, owed for the time you waited at the counter on the 18th. The Bank has no policy on this, and the officer has decided, for the purposes of this statement, that it was owed. Ref. CIBT-3004-A2DF-2		
26 Jan	ATM withdrawal: Io	-86,400	73,065,263
	The officer on the concourse says the machine at Io has never once given back the exact amount requested, and that you have never once asked it to. Ref. CIBT-3004-4FBB-3		
30 Jan	ATM withdrawal: Io	-259,200	72,806,063
	You take the same sum from the machine at Io each time you pass through, and the machine has learned to offer it before you ask. The custodian records this as a courtesy from the machine, and has never found the setting that causes it. Ref. CIBT-3004-6340-4		
31 Jan	Interest at 3.20% APY	+207,521	73,013,584
	The auditors who went through the Hall E ledgers this year asked why this line was one second short of the reckoning. The answer is on file: the first second of the period is not counted, by agreement, and the auditors have accepted it with some reluctance. Ref. CIBT-3004-DDA3-1
