Date	Description	Amount (s)	Balance (s)
04 Jul	Payroll credit: Kepler Ring Hydroponics	+674,333	76,204,551
	The fee on a credit from Kepler Ring Hydroponics that came in outside the posted hours has been waived. The officer at the counter said the sum had arrived by a side channel, which the Bank does not recognise, and the fee has been waived all the same. Ref. CIBT-3015-80DF-3		
07 Jul	Transfer to own account: Delhi Sector	-646,857	75,557,694
	A hailstorm over the Ostrein hills drummed on the branch roof for a whole session, and the rates were called out between the hits, one to a hit. The sundry was therefore posted a day late, and the day has been entered as a day. Ref. CIBT-3015-F4BC-6		
11 Jul	Slippage fee (Delhi Sector, 8 transfers)	-7,200	75,550,494
	The slippage on the 8 crossings to Delhi Sector fell on the same second as the Kepler Ring Hydroponics remittance, so the two were charged together. Each pays its own 0.30 s, and the statement shows them on one line for reasons of space. Ref. CIBT-3015-2E08-4		
16 Jul	Mech Veterans' Time Pension	+306,593	75,857,087
	Auditors' note: the veterans' reserve for this pension was reconciled to the last 0.969 of a day and found correct, while the ledger was one unit short. The difference traces to a pension book that was never opened, and so could not have been written in. Ref. CIBT-3015-93F7-4		
31 Jul	Interest at 3.20% APY	+201,413	76,058,500
	The Ceres branch counts its interest in lengths of the asteroid's own day, and converts the total to ours on the morning the day ends. The conversion is printed in small type beside the sum, and you have read it every month without remark. Ref. CIBT-3015-B74D-2
