Period 1–30 June 3022
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
10,716,540 s	**+1,449,090 s**	**-535,160 s**	**11,630,470 s**

Date	Description	Amount (s)	Balance (s)
08 Jun	ATM withdrawal: The Belt	-259,200	10,457,340
	Audit note: the withdrawal at The Belt was authorised with the machine's own key. The key is held by the custodian and matches the custodian's signature, which the auditors have checked twice and found, each time, to be the same signature. Ref. CIBT-3022-9A14-2		
13 Jun	ATM withdrawal: The Belt	-172,800	10,284,540
	For the auditors: the withdrawal is entered once, although the Belt machine printed two receipts. The machine has been asked to say so as well, and has agreed in writing. Ref. CIBT-3022-312C-6		
16 Jun	Deposit: Hall E	+1,167,921	11,452,461
	Auditors' query: why was this deposit credited before its slip was countersigned? The officer countersigned it at the window, in full view of the holder, and the signature was late only by the time it took to find a pen. Ref. CIBT-3022-2BDF-3		
21 Jun	Transfer to joint account	-103,160	11,349,301
	A burst pipe above the Hall E strongroom delayed the joint transfer by 28 days. The notes were dried and counted by hand before the figure was accepted, and the coins were not affected, having been raised above the water on principle. Ref. CIBT-3022-04BB-1		
24 Jun	Payroll credit: Kepler Ring Hydroponics	+171,933	11,521,234
	Wages from Kepler Ring Hydroponics, credited after the wage rule rounded them down to the whole second. The fraction left over, 0.964 of a second, is carried to your next credit and rounded the same way there; it is not lost, and the rule has never said why it is always the smaller figure that wins. Ref. CIBT-3022-F38B-2		
29 Jun	Mech Veterans' Time Pension	+66,370	11,587,604
	A survivor's share of 0.961 of your pension is paid to Nils Kowalczyk on the same day each month, under the arrangement made in 3020. Their receipt is filed with yours, and the officer has asked that the two be read together. Ref. CIBT-3022-F902-4		
30 Jun	Interest at 4.80% APY	+42,866	11,630,470
	The Belt rounds its interest down to the whole shift and sends the remainder to the suspense line, where it is held for a depositor not yet identified. Your share of the remainder has been credited to this account as a courtesy, and the branch asks that it not be spent in one place. Ref. CIBT-3022-7568-7		

Closing balance, month by month

July 3021 June 3022

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
