Period 1–31 July 3023
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
24,643,211 s	**+1,077,117 s**	**-126,737 s**	**25,593,591 s**

Date	Description	Amount (s)	Balance (s)
05 Jul	ATM withdrawal: Montréal Sector	-86,400	24,556,811
	You have never used the Montréal Sector machine on a wet day, though it is always open. The officers have noted the weather on your file, in case it is ever asked for. Ref. CIBT-3023-D258-7		
06 Jul	Temporal Health Plan	-40,337	24,516,474
	The plan's officer at Hall E notes that this claim came in on paper, in the old green folder, and asks whether you would like to keep sending it that way. You have said you would, every time. Ref. CIBT-3023-6BD5-1		
11 Jul	Payroll credit: Interworld Post	+100,934	24,617,408
	Auditors' sample: the Interworld Post pay for 2 periods matches the remitter's advice to the second, with one exception. That credit posted a day early because the remitter's office kept a holiday the Bank had not been told about, and the holiday has since been added to the calendar. Ref. CIBT-3023-557E-0		
14 Jul	New Time™ exchange	+11,892	24,629,300
	No fee is charged on New Time™ exchanged within the hour it was first received at Hall E. The rule was written for holders who come in on an errand and go out with the second half of it, and the office considers this a use the drafters foresaw. Ref. CIBT-3023-E402-9		
19 Jul	Deposit: Hall E	+821,457	25,450,757
	You make a deposit at Hall E on the last working day of each month, the same sum in the same envelope. The window has stopped asking for the slip and has begun filing it for you. Ref. CIBT-3023-EBBC-8		
29 Jul	Mech Veterans' Time Pension	+50,422	25,501,179
	The Phobos desk held your pension for 29 days, because the lift to the veterans' floor was in use for a crate that had come up the wrong way. The crate has been turned round, and the sum has been paid with interest for the lift's trouble. Ref. CIBT-3023-B6D9-5		
31 Jul	Interest at 4.50% APY	+92,412	25,593,591
	Interest is paid on the balance at the start of each second, so the 92,412 that arrived at the counter at 14:03:59 earned nothing until 14:04:00, when it began earning as though it had been waiting all along. The statement shows the arrival and the first interest on the same line. Ref. CIBT-3023-EA71-8

August 3022 July 3023

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
