Standard Time Deposit

Hamid Gunnarsdottir
Unit 202, Pallas Ring 10

Account 8564-8317-9821
Period 1–30 June 3012
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
49,167,361 s	**+6,378,069 s**	**-1,021,753 s**	**54,523,677 s**

Date	Description	Amount (s)	Balance (s)
01 Jun	Transfer to joint account	-676,153	48,491,208
	Both holders draw their share of the joint savings line at New Orleans Sector in days. The local office has asked the Bank to say that the day is not a surcharge on the Head Office figure; it is simply the local one. Ref. CIBT-3012-AD6D-3		
03 Jun	Payroll credit: Interworld Post	+1,126,921	49,618,129
	The credit from Interworld Post was rounded to the nearest five seconds rather than the nearest second, because its payroll office has always paid in fives and has never seen a reason to stop. The difference of 52 seconds is shown on the line below. Ref. CIBT-3012-6EA1-5		
12 Jun	Deposit: Hall E	+5,058,576	54,676,705
	The deposit was first posted in 58 d 13:09:36, the spoken form, which the statement does not use, because the lamp over the sorting bench had gone out. The figure has been restated in the usual form, and nothing has been added or taken away. Ref. CIBT-3012-23EB-4		
15 Jun	ATM withdrawal: New Orleans Sector	-86,400	54,590,305
	Withdrawal from the Automated Temporal Machine at New Orleans Sector. The machine asked you to confirm your identity twice; this is routine after a change of world and is not a sign that anything is wrong with your account. Ref. CIBT-3012-9293-3		
27 Jun	ATM withdrawal: New Orleans Sector	-259,200	54,331,105
	The machine at New Orleans Sector was shut for 30 days for its quarterly service. Your withdrawal was held in the vault and paid out on reopening, with the interest that accrued in the meantime. Ref. CIBT-3012-9D64-9		
30 Jun	Interest at 4.70% APY	+192,572	54,523,677
	The posted rate at Hall E went up late in the afternoon, so the afternoon's interest was credited at the morning's rate. The difference is 8 seconds in your favour, and the officer has initialled it to be sure. Ref. CIBT-3012-23B8-1		

Closing balance, month by month

Highest 54,523,677 s · lowest 12,631,140 s

February 3012 June 3012

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
