Date	Description	Amount (s)	Balance (s)
13 Jul	Payroll credit: Interworld Post	+1,126,921	55,650,598
	Pay from Interworld Post is rounded to the nearest whole day in the morning and to the nearest second in the afternoon. The payroll office says this is historical and the Bank says it is arithmetic; today was the afternoon. Ref. CIBT-3012-52C1-7		
18 Jul	Slippage fee (Bronx Sector, 6 transfers)	-1,800	55,648,798
	The fee on your crossings is worked out per whole second of difference, and the difference on this route hardly ever changes. The Bank therefore set the fee once and left it, and the officer says there is nothing further to reconcile. Ref. CIBT-3012-FD30-5		
20 Jul	Memory Vault: box 25-454, quarter	-259,200	55,389,598
	The custodian's note on the 20th said the box had been opened twice. It was opened once; the second entry is a second custodian reading the first one back. Ref. CIBT-3012-2220-6		
22 Jul	Deposit: Hall E	+4,411,367	59,800,965
	The Teller asks whether you counted the sum before it reached the window. You did, and she says she could tell, because the notes were arranged the way she arranges her own. Ref. CIBT-3012-D84D-2		
23 Jul	Transfer to joint account	-676,153	59,124,812
	The joint transfer on the 23rd was keyed as 7 d 19:49:13 and should have read 676,153. The difference is 0.30 s, and both holders have initialled the corrected line, one above the other. Ref. CIBT-3012-5CCF-5		
31 Jul	Interest at 4.70% APY	+213,551	59,338,363
	Interest for the 31st waited 28 days in the suspense ledger, which is where interest goes when a rate has been announced but not yet written down. The rate is now written down, and the interest has been paid with the days on it. Ref. CIBT-3012-B9B4-9

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
