Date	Description	Amount (s)	Balance (s)
01 May	Payroll credit: Interworld Post	+1,126,921	160,860,770
	For the auditors: the Interworld Post wages on this line were compared with the remittance advice, the employer's ledger and the Bank's own posting, and all four show the same sum to the second. The auditors asked why this was worth noting, and the answer is in the file. Ref. CIBT-3013-7E87-4		
10 May	ATM withdrawal: London Sector	-259,200	160,601,570
	The machine at London Sector was found to be holding 0.963 day more than its log showed, which the Committee has entered as stock. The surplus was counted, sealed and returned to the tray, and the log has been amended to agree with it. Ref. CIBT-3013-0471-3		
12 May	Transfer to joint account	-676,153	159,925,417
	A transfer from London Sector reached the joint account after the holder there had gone to sleep. The branch kept the amount until its own morning and then forwarded it with a note of three words, which the Bank has filed under the mandate. Ref. CIBT-3013-A148-1		
16 May	ATM withdrawal: London Sector	-259,200	159,666,217
	The withdrawal waited 58 minutes in the queue at the Hall E hatch, after the cash had been counted. The Bank has credited those minutes back to your account as interest on the sum, at the day's rate. Ref. CIBT-3013-4F48-9		
22 May	Deposit: Hall E	+14,953,773	174,619,990
	The slip showed the sum twice, once in days and once in ours, both copied from the same figure. The Bank has kept the one that was counted, which is ours, and struck the other, which was the depositor's hope. Ref. CIBT-3013-74E3-6		
31 May	Interest at 4.70% APY	+625,624	175,245,614
	Interest for 31 days did not post until the 31st, because the holder had to confirm the rate in person, and the holder was at London Sector for the purpose. Ref. CIBT-3013-06AD-4
