Hamid Gunnarsdottir
Unit 44, Pallas Ring 10

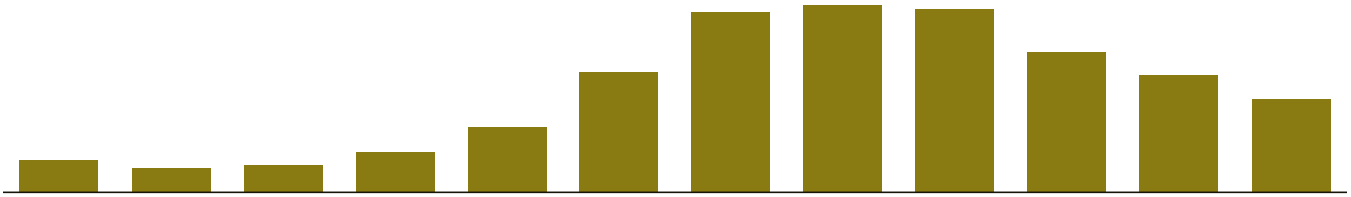

Account 8564-8317-9821
Period 1–31 December 3013
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
208,190,460 s	**+1,942,333 s**	**-17,342,061 s**	**192,790,732 s**

Date	Description	Amount (s)	Balance (s)
04 Dec	Payroll credit: Interworld Post	+1,126,921	209,317,381
	Your pay from Interworld Post was held 29 days because its signatory had been seconded to a relay station, and the form went by relay. It came back with a question about its own spelling, and was accepted on the 4th. Ref. CIBT-3013-513F-2		
08 Dec	ATM withdrawal: Kepler Ring	-172,800	209,144,581
	After the machine lost power in a storm, the withdrawal waited 28 days for the relay to reconcile what the machine remembered. It remembered the sum correctly once it was back on, and the relay agreed with it. Ref. CIBT-3013-FFB2-5		
17 Dec	ATM withdrawal: Kepler Ring	-259,200	208,885,381
	The withdrawal was made at Kepler Ring, where the local day had already turned over, so the machine logged it under tomorrow's date and this statement shows it under today's. Both dates are correct, and the difference is 26 hours long. Ref. CIBT-3013-43BB-4		
25 Dec	Slippage fee (Kepler Ring, 4 transfers)	-1,200	208,884,181
	The fee on this line was checked against the schedule, the relay's log and the statement, and all three agree to the second. The auditors describe the result as suspicious and have minuted it as such, pending a second check that nobody has yet been able to schedule. Ref. CIBT-3013-BA60-2		
26 Dec	Transfer to joint account	-676,153	208,208,028
	The transfer was entered under the date of the mandate, not the date of the transfer. The two fall in the same month, which is why it went unnoticed for 15 statements before a holder mentioned it. Ref. CIBT-3013-A741-0		
26 Dec	Transfer to own account: Kepler Ring	-16,232,708	191,975,320
	The sum divided by two left a second over, which the two officers settled by agreeing that it belonged to neither. It has been posted to the suspense line, where it keeps company with several others of the same kind. Ref. CIBT-3013-FF6A-8		
31 Dec	Interest at 4.70% APY	+815,412	192,790,732
	The Teller pointed at the last digit of the interest and asked you to say it aloud, as a test of the account. You said it. She said the test was over, that the account had passed, and that you might now go and tell someone. Ref. CIBT-3013-BACD-5		

Closing balance, month by month

January 3013 December 3013

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
