Date	Description	Amount (s)	Balance (s)
01 Mar	Temporal Health Plan	-15,820	156,091,792
	Last statement's premium was entered at the family rate, though you are covered alone. The premium has been restated at the individual rate, and the difference has been credited to this statement. Ref. CIBT-3003-0CBC-6		
05 Mar	Deposit: Hall E	+3,529,092	159,620,884
	Phobos Drydock pays into this account in the morning and draws the same sum out in the afternoon, and the statement shows both lines in that order, which the auditors call the only honest order for them. Ref. CIBT-3003-A434-8		
16 Mar	Transfer to joint account	-559,878	159,061,006
	Both holders signed the joint mandate on a train, and the signatures sit slightly apart on the page. The officer accepted the form. The train, the Bank notes, has since been replaced. Ref. CIBT-3003-8CB8-3		
27 Mar	Payroll credit: Phobos Drydock	+933,130	159,994,136
	Your wage from Phobos Drydock was rounded to the nearest whole day. The half-day not paid is recorded as owed to you by the employer, not by the Bank, which said so in writing; after a short correspondence, Phobos Drydock agreed. Ref. CIBT-3003-F9EB-0		
29 Mar	Slippage fee (Venus, 4 transfers)	-3,600	159,990,536
	The statement counted the crossing from Venus as a crossing to it. Both stations are printed on the same board, so the mistake is an easy one to make; the direction has been corrected and the fee is unchanged. Ref. CIBT-3003-E170-9		
31 Mar	Interest at 4.00% APY	+520,358	160,510,894
	The period closed on the 31st, but the rate was not fixed until the relay at Venus had finished its night's count. The relay does this slowly and without interruption. Ref. CIBT-3003-73B5-3
