Date	Description	Amount (s)	Balance (s)
04 May	Payroll credit: Harbourfront Shipping	+236,300	26,584,146
	Harbourfront Shipping has paid 236,300 into 8564-8438-6607 on the last working day of every month since 3000. The sum has not varied by more than the odd second, which the payroll office calls its contract with time. Ref. CIBT-3003-A030-0		
06 May	Mech Veterans' Time Pension	+115,192	26,699,338
	The reserve top-up from the veterans' association is credited on the first of each month and sent on the second to 8564-2328-6181. It is paid out there as a subscription to a newsletter nobody has read since 2998, and the newsletter is still delivered. Ref. CIBT-3003-DB2D-0		
07 May	Slippage fee (Europa, 9 transfers)	-8,100	26,691,238
	The fee on your crossings is worked out per whole second of difference, and the difference on this route never changes. The Bank therefore set the fee once and left it, and the officer says there is nothing further to reconcile. Ref. CIBT-3003-9B04-1		
14 May	Deposit: Hall E	+2,697,385	29,388,623
	You make a deposit at Hall E on the last working day of each month, the same sum in the same envelope. The window has stopped asking for the slip and has begun filing it for you. Ref. CIBT-3003-2B63-9		
15 May	Temporal Health Plan	-36,702	29,351,921
	Every claim you file comes with a second copy in case the first is lost. The second copy has never been needed, and the plan has begun to file it without comment. Ref. CIBT-3003-971C-6		
22 May	Transfer to joint account	-141,780	29,210,141
	A joint transfer that falls on an exact half-second is rounded to the even second, so neither holder gains by it. This one fell that way, and the even second went to the first holder's half, which is the one the mandate lists first. Ref. CIBT-3003-9444-1		
23 May	ATM withdrawal: Europa	-86,400	29,123,741
	Your Harbourfront Shipping paid the fee on this withdrawal on your behalf, and the Bank has credited it to the employer's account as the employer requested. The employer asked to be told when the fee was paid. It has been told, and it has not said what it thought. Ref. CIBT-3003-24BB-2		
26 May	ATM withdrawal: Europa	-259,200	28,864,541
	Why this withdrawal took 33 minutes was the auditors' question. The relay's log shows the machine waiting for the Bank's confirmation and the Bank waiting for the machine. The auditors have found this to be nobody's fault, and have recorded it as their finding. Ref. CIBT-3003-B3F8-1		
31 May	Interest at 3.90% APY	+85,630	28,950,171

Date	Description	Amount (s)	Balance (s)
	Part of the interest waited at the Europa relay while the local office explained that its own day had been split in two for a festival. The second half had to be counted from the first. Ref. CIBT-3003-0528-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
