Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,239,735,363 s	+81,138,483 s	-307,150 s	1,320,566,696 s

Date	Description	Amount (s)	Balance (s)
02 Mar	Slippage fee (Callisto, 8 transfers)	-4,800	1,239,730,563
	The relay at Callisto charges for its own patience, which it measures in the same unit as ours and bills in the same breath. Fee for 8 crossings: 4,800 s. Ref. CIBT-2964-748C-3		
08 Mar	ATM withdrawal: Callisto	-259,200	1,239,471,363
	On the 8th the machine at Callisto would not dispense, and printed a receipt for the amount instead. You took the receipt to the counter the following day and it was exchanged for the cash. The Teller has entered the cash on the day the receipt was printed, since that was when it had been waiting. Ref. CIBT-2964-D740-6		
13 Mar	Payroll credit: Titan Methane Works	+7,131,381	1,246,602,744
	Your wages were delayed 30 days because Titan Methane Works's paymaster was unwell and the deputy's signature was still on the wrong form. The deputy signed on the 13th, and the paymaster, once recovered, asked whether the delay had been noticed. It had. Ref. CIBT-2964-1465-1		
13 Mar	Temporal Health Plan	-43,150	1,246,559,594
	Titan Methane Works has asked that the plan send its share of your claims to the firm's own address, where they are opened, admired and returned unsigned. The plan has explained that the claims are yours, and the firm has asked for the explanation in writing. Ref. CIBT-2964-E42C-1		
13 Mar	Deposit: Hall E	+69,461,406	1,316,021,000
	Your deposit was made in 16 coins of the largest denomination, which the depositor asked to have counted onto the counter one at a time. The total came out 0.967 short, and the shortfall has been credited as a further deposit at the depositor's request. Ref. CIBT-2964-B566-0		
31 Mar	Interest at 4.40% APY	+4,545,696	1,320,566,696
	Interest on a balance of less than a whole second is not rounded at all, the Bank's view being that a small sum is already close enough to the truth. The figure above is therefore exact. Ref. CIBT-2964-B974-3		

Closing balance, month by month

Highest 1,320,566,696 s · lowest 1,012,255,189 s

April 2963 March 2964

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
