Date	Description	Amount (s)	Balance (s)
05 May	Payroll credit: Titan Methane Works	+7,131,381	1,319,723,234
	The 0.30 seconds charged on the Titan Methane Works credit was not taken from you. The payroll office asked for it to be taken from its own side of the transfer instead, and the Bank agreed, on the understanding that the office will not ask twice. Ref. CIBT-2964-84C9-5		
09 May	Slippage fee (Luna, 4 transfers)	-2,400	1,319,720,834
	Titan Methane Works has disputed this fee on your behalf in a letter of two lines, both of which concern the weather on its own dock. The Bank has noted the dispute, the weather and the 2,400 seconds, in that order. Ref. CIBT-2964-19AB-0		
12 May	Deposit: Hall E	+38,314,538	1,358,035,372
	The Teller counted the notes aloud at the Hall E window and then again in silence, and the silent count was more accurate by 50 notes, which the Teller regards as the ordinary result. The aloud count has been kept on the slip as a courtesy to the customer. Ref. CIBT-2964-787A-4		
18 May	ATM withdrawal: Luna	-86,400	1,357,948,972
	Withdrawals from Luna are charged in whole day, rounded up, while deposits there are rounded down, which the local office describes as balanced. The arrangement is the same for every customer, and it has been applied to your 8564-8529-5708 without exception. Ref. CIBT-2964-753B-8		
27 May	Temporal Health Plan	-20,350	1,357,928,622
	The premium on a policy covering Luna follows the local season, which is long, and the plan does not apologise for it. The surcharge is itemised separately, so it may be disputed by itself. Ref. CIBT-2964-4361-9		
31 May	Interest at 4.40% APY	+4,812,836	1,362,741,458
	The interest posted for the 31st was reckoned on the balance at the start of the period and not the end, which made it 33 seconds too high. The overstatement has been removed, and the Bank has noted that the error was in its own favour. Ref. CIBT-2964-CA1C-1
