Date	Description	Amount (s)	Balance (s)
13 Jul	Payroll credit: Titan Methane Works	+7,131,381	437,503,419
	The wage from Titan Methane Works is credited on the 13th and passed to your account the same day, with no receiving charge. The arrangement is older than the account, and nobody at Hall E has ever thought to ask for it to change. Ref. CIBT-2976-6800-2		
14 Jul	Memory Vault: box 72-602, quarter	-259,200	437,244,219
	Memory Vault: box 72-602, quarterly rental. The rental was paid by Titan Methane Works under its staff scheme for recollections kept on file, which the Vault records as a third-party payment; the statement comes to you because the box is yours. Ref. CIBT-2976-4045-1		
16 Jul	Slippage fee (Kepler Ring, 6 transfers)	-3,600	437,240,619
	The 6 transfers this month are the same 6 transfers as last month, sent by the same instruction at the same counter. The fee was levied on them afresh each time, which the Bank regards as the fairest treatment of a habit. Ref. CIBT-2976-66D8-8		
26 Jul	Transfer to own account: Kepler Ring	-4,763,803	432,476,816
	The sundry charge on this line is your share of the office kettle at Titan Methane Works, which asked us to note that yours is larger than its own. The Bank has noted it in the margin, as a remark the firm wished it had made first. Ref. CIBT-2976-1747-7		
30 Jul	Temporal Health Plan	-42,369	432,434,447
	A session at Kepler Ring was billed twice, once in turns and once in the plan's own seconds. The two bills agree to within one second, in your favour. Ref. CIBT-2976-532D-8		
31 Jul	Interest at 4.40% APY	+1,578,030	434,012,477
	You read the interest line before anything else on each statement, and then read the rest in the same order as before. The Teller has noted that the habit has not changed since 2972, and sees no reason it should. Ref. CIBT-2976-6124-1
