Date	Description	Amount (s)	Balance (s)
18 Jul	Temporal Health Plan	-40,799	1,110,998,256
	You send your claims in an envelope addressed in capitals and sealed with one strip of tape. The post room has begun opening yours first, out of courtesy, before the rest of the morning's mail. Ref. CIBT-2987-B3D3-4		
27 Jul	Memory Vault: box 72-602, quarter	-259,200	1,110,739,056
	Box 72-602 was due its inspection on the first day of the quarter, but the sub-level's rota runs to the Head Office's calendar and not the box's, so the custodian came 30 Standard days later. The rental is not reduced for the wait. Ref. CIBT-2987-8320-3		
27 Jul	Transfer to own account: Ganymede	-26,929,428	1,083,809,628
	The transfer from Elif Eversley-Fairbrass was sent with a reference in cycles and a sum in seconds, and the clerk at Hall E asked for both to be the same. They were not. The sum has been posted as sent, and the reference has been left as it came. Ref. CIBT-2987-739D-9		
28 Jul	Payroll credit: Titan Methane Works	+7,131,381	1,090,941,009
	For the auditors: the Titan Methane Works credit was reconciled to the penny against the payroll file, then to the second against the file's own clock. Both agreed. The file was returned with a note that it could now be trusted to be wrong in a different way. Ref. CIBT-2987-38DE-2		
31 Jul	Interest at 4.40% APY	+4,073,809	1,095,014,818
	You check this line each month against the figure on the envelope, and each month the figures agree. The Teller has begun to look for the envelope before she looks for the account. Ref. CIBT-2987-5738-3

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
