Opening balance	Credits	Debits	Closing balance
845,489,008 s	**+73,861,329 s**	**-558,106 s**	**918,792,231 s**

Date	Description	Amount (s)	Balance (s)
01 Oct	Memory Vault: box 72-602, quarter	-259,200	845,229,808
	Memory Vault: box 72-602, quarterly rental. The Vault reports the box's contents intact at the quarterly inspection, with one recollection showing minor fading at the edges, as is normal after 2 years in storage. Ref. CIBT-2995-1EF7-0		
05 Oct	ATM withdrawal: Ganymede	-259,200	844,970,608
	The amount at Ganymede was rounded to a figure ending in zero, for ease of reading. The difference came from the Bank's own rounding reserve, which exists for this purpose and no other. Ref. CIBT-2995-7344-7		
06 Oct	Slippage fee (Ganymede, 7 transfers)	-4,200	844,966,408
	Every transfer you send carries a note asking whether it arrived, and the relay answers each one before you have finished writing it. You have never read the answer, only the time on it. Ref. CIBT-2995-24EE-7		
08 Oct	Temporal Health Plan	-35,506	844,930,902
	Audit query: the 10 sessions billed at Ganymede add up to the figure on the schedule, but the schedule rounds each session on its own and the total does not. Both figures have been kept, as the auditors asked, and the plan has not chosen between them. Ref. CIBT-2995-79C1-5		
16 Oct	Payroll credit: Titan Methane Works	+7,131,381	852,062,283
	Titan Methane Works pays its staff on Ganymede in cycles and sends the figure here in Standard seconds, converting it at the posted rate as it crosses. That conversion is why this wage is 0.940 of a second larger than the employer's own total. Ref. CIBT-2995-0E3B-1		
30 Oct	Deposit: Hall E	+63,629,822	915,692,105
	The three-tenths of a second that the envelope held over the whole sum has not been lost. It has been added to your rate for the day, where it will be paid out with interest, as a fraction is paid out in this Bank: slowly, and with its own paperwork. Ref. CIBT-2995-8CE9-6		
31 Oct	Interest at 4.40% APY	+3,100,126	918,792,231
	At the firm's request, the Titan Methane Works line is paid in cycles and converted at the close, since the firm keeps its books on that unit. The rounding goes to the firm, which has asked us not to mention it. Ref. CIBT-2995-1B1D-9

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
