Opening balance	Credits	Debits	Closing balance
717,876,579 s	**+25,755,622 s**	**-365,211 s**	**743,266,990 s**

Date	Description	Amount (s)	Balance (s)
02 Aug	ATM withdrawal: Ganymede	-172,800	717,703,779
	The machine gave you a 0.940 cycle in a paper wrapper, which the Teller says you accepted as though you had been expecting it since 2995. The wrapper has been filed with the receipt, where it is kept flat. Ref. CIBT-2997-21BB-0		
04 Aug	Temporal Health Plan	-19,611	717,684,168
	A small sum is set aside each 30 days by standing order toward physiotherapy, and drawn on the first day of the window. The plan no longer asks whether the sum is still right; it has been the same since 2995. Ref. CIBT-2997-7022-2		
18 Aug	Payroll credit: Titan Methane Works	+7,131,381	724,815,549
	The Teller counted the Titan Methane Works wage and noted that it matched the remittance advice exactly. She asks that this be recorded, since it is the first time it has happened on this account, and she has been asked to say so for the file. Ref. CIBT-2997-B1DA-7		
24 Aug	Deposit: Hall E	+15,992,027	740,807,576
	Arriving at Hall E on the 24th, the 15,992,027 was not posted until 29 days later, when the officer on duty had finished the previous day's reconciliation. The interest has been paid from arrival. Ref. CIBT-2997-42E5-3		
25 Aug	ATM withdrawal: Ganymede	-172,800	740,634,776
	You have drawn from the Automated Temporal Machine at Ganymede at the same minute after the hour on every visit since 2992. The machine's log has noticed, and has recorded it without comment, as it records everything. Ref. CIBT-2997-0E1A-0		
31 Aug	Interest at 4.40% APY	+2,632,214	743,266,990
	Your interest is credited on the afternoon Titan Methane Works pays its wages, and the two arrive in one envelope with a slip for each. The Teller has asked the firm to put the slips in separate envelopes, so that the interest does not look as though it had been earned by work. Ref. CIBT-2997-43F3-3		

Closing balance, month by month

September 2996 August 2997

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
