Standard Time Deposit

Wren Lindqvist
Unit 214, Pallas Ring 10

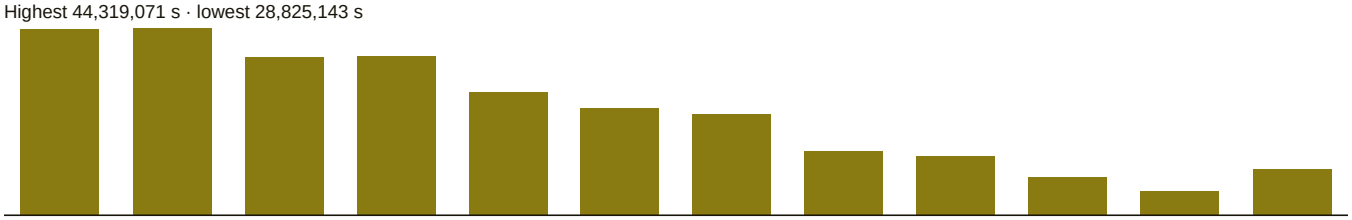

Account 8564-8564-3261
Period 1–31 January 2940
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
28,825,143 s	**+2,549,181 s**	**-518,400 s**	**30,855,924 s**

Date	Description	Amount (s)	Balance (s)
07 Jan	ATM withdrawal: Io	-259,200	28,565,943
	Audit note: the machine's tally for Io differs from the withdrawals on this statement by 0.953 cycle. The difference is cash-time rounding, which the Committee has accepted since 2938, and the two agree once it is applied. Ref. CIBT-2940-3CA3-1		
19 Jan	ATM withdrawal: Io	-259,200	28,306,743
	You draw cash at Io on the 19th and then, on the stroke of the local noon, return to read the balance off the screen again. The machine has never once changed the figure. The officer on the concourse has asked whether you would prefer to be told it in advance, and you said you preferred to check. Ref. CIBT-2940-9B30-9		
23 Jan	Payroll credit: the Ceres Ring Assay Office	+381,778	28,688,521
	The Ceres Ring Assay Office writes its remittance advice in pencil on a card that has been used for 59 years, and the figure on it is the figure we posted. Nobody at the office has said why the card is still in service, and the Bank has not asked. Ref. CIBT-2940-4D90-2		
25 Jan	Deposit: Hall E	+2,052,103	30,740,624
	Your deposit was counted to the whole second and came to 0.985 of a second more than the slip, a difference the Bank has never before found in your favour. The Teller has initialled the change and signed under it, which is the custom for a surplus. Ref. CIBT-2940-2222-7		
31 Jan	Interest at 4.80% APY	+115,300	30,855,924
	Interest for 4 periods is carried across to 8564-8564-3261 at the start of each period and left to earn at the posted rate. Kaito Blackwood-Achterberg has asked only to be told that the carry-over is still happening, and is told each time. Ref. CIBT-2940-39A4-2		

Closing balance, month by month

Highest 44,319,071 s · lowest 28,825,143 s

February 2939 January 2940

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
