Period 1–31 July 2940
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
30,770,600 s	**+1,738,828 s**	**-348,300 s**	**32,161,128 s**

Date	Description	Amount (s)	Balance (s)
10 Jul	ATM withdrawal: London Sector	-86,400	30,684,200
	A bird had built in the cash slot at London Sector, and the withdrawal of One Standard day waited 28 days until a custodian moved the nest. The nest was returned to the bird, and the cash was counted without difficulty. Ref. CIBT-2940-30B2-2		
14 Jul	Payroll credit: the Ceres Ring Assay Office	+381,778	31,065,978
	You ask for your the Ceres Ring Assay Office credit to be read aloud at the window. The officer reads the figure twice, the second time more slowly, as you have asked, and then returns the slip. Ref. CIBT-2940-D0BD-7		
15 Jul	ATM withdrawal: London Sector	-259,200	30,806,778
	The machine's receipt printed 259,200 for this withdrawal and the line below read 3 Standard days, because the machine rounded one way and the branch the other. The branch's figure is the one on your account, and the one you were paid. Ref. CIBT-2940-7A30-6		
20 Jul	Deposit: Hall E	+1,233,968	32,040,746
	No fee is charged on this deposit because it did not leave the building: the sum was moved from the Hall E vault to your account, a distance of four metres, and the officer has entered the move as a courtesy and a relocation. Ref. CIBT-2940-E66A-9		
21 Jul	Slippage fee (London Sector, 3 transfers)	-2,700	32,038,046
	Your 3 crossings this month were all made the day before a correction at the London Sector relay. Whether that is luck or foresight is not for the Bank to settle, and the fee has been charged either way. Ref. CIBT-2940-5630-3		
31 Jul	Interest at 4.80% APY	+123,082	32,161,128
	The interest on the 31st was reversed because a digit in the rate had been read from the wrong column of the schedule. The correct figure is 4.80% APY, the difference has been credited with a note, and the column has been labelled, in case anyone else reads it that way. Ref. CIBT-2940-9B1B-5

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
