Unit 43, Pallas Ring 10

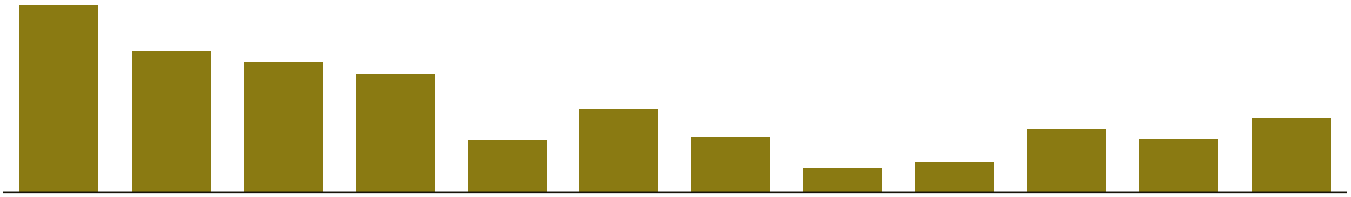

Account 8564-8564-3261
Period 1–31 August 2971
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
30,092,376 s	**+1,044,998 s**	**-175,200 s**	**30,962,174 s**

Date	Description	Amount (s)	Balance (s)
01 Aug	ATM withdrawal: Vancouver Sector	-86,400	30,005,976
	A withdrawal of One Standard day at Vancouver Sector was made on a card whose number is one digit away from Account No. 0's. The machine paid it, the branch has no record of issuing the card, and the auditors have chosen, for the present, not to ask which digit. Ref. CIBT-2971-F623-6		
04 Aug	Deposit: Hall E	+542,851	30,548,827
	Every envelope you bring in is sealed in the same order you sealed the one before, and the order is written on the back of the statement where anyone may check it. The officers have stopped checking and simply initial the foot. Ref. CIBT-2971-3EBE-6		
06 Aug	Payroll credit: the Ceres Ring Assay Office	+381,778	30,930,605
	This month's wage from the Ceres Ring Assay Office waited 29 days at Vancouver Sector, because the local office had a clerk on long leave and no one else held the key to the wage drawer. The drawer was opened on the 6th, and the wage was counted out in full. Ref. CIBT-2971-37BC-0		
08 Aug	ATM withdrawal: Vancouver Sector	-86,400	30,844,205
	The Ceres Ring Assay Office pays into this account on the 8th, and you withdraw from it at Vancouver Sector the same afternoon, which the machine has learned to expect. It asked this time for the sum in days, since the payroll office says that is how the wages are paid. Ref. CIBT-2971-DA58-3		
22 Aug	Slippage fee (Vancouver Sector, 8 transfers)	-2,400	30,841,805
	This transfer waited 28 days because a fault in the relay's locking gear held it. The gear has been replaced, and the fault has been recorded against the relay rather than the transfer, which was sent on time. Ref. CIBT-2971-8BDF-1		
31 Aug	Interest at 4.80% APY	+120,369	30,962,174
	Interest is paid to the whole second at each close, and the fraction is carried forward. This period the fraction came to 0.951 of a second. It is in your account now and shows on no line of this statement, though it is there all the same. Ref. CIBT-2971-C225-1		

Closing balance, month by month

September 2970 August 2971

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
