Opening balance	Credits	Debits	Closing balance
40,775,652 s	**+672,693 s**	**-518,400 s**	**40,929,945 s**

Date	Description	Amount (s)	Balance (s)
03 May	ATM withdrawal: Titan	-259,200	40,516,452
	The 3 Standard days was overtime, drawn in cash at Titan on a day the Ceres Ring Assay Office had marked as a holiday. The firm has since marked the day as a working one, and the machine has been asked to stand as witness. Ref. CIBT-2972-E9C8-1		
06 May	Payroll credit: the Ceres Ring Assay Office	+381,778	40,898,230
	For the auditors: the Ceres Ring Assay Office wages on this line were compared with the remittance advice, the employer's ledger and the Bank's own posting, and all four show the same sum to the second. The auditors asked why this was worth noting, and the answer is in the file. Ref. CIBT-2972-5385-5		
28 May	ATM withdrawal: Titan	-259,200	40,639,030
	"It has a better memory than the ledger," the Teller says, "which is why we keep the ledger." She would like that sentence kept in the file, and it is. Ref. CIBT-2972-2305-4		
28 May	Deposit: Hall E	+127,813	40,766,843
	The counter closed early on the 28th for a committee sitting in the Head Office, and your deposit was taken at the first window to open, which was not the one you usually use. You noticed, said so, and were thanked for it. Ref. CIBT-2972-B866-2		
31 May	Interest at 4.80% APY	+163,102	40,929,945
	A standing order sends the month's interest to Kaito Blackwood-Achterberg, as you asked in 2971, and the partner's office confirms receipt by return post with the figure written in pencil. The Bank has no objection to pencil and has asked the partner to keep the sum in ink. Ref. CIBT-2972-C9CE-2

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
