Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
51,182,342 s	**+586,507 s**	**-1,640,345 s**	**50,128,504 s**

Date	Description	Amount (s)	Balance (s)
07 Jul	ATM withdrawal: Titan	-259,200	50,923,142
	The sum shows 0.953 of a cycle less on this statement than it was taken for, because the machine rounds to the nearest whole cycle and the Bank rounds the receipt down. Both figures are shown, and neither is wrong. Ref. CIBT-2984-ACF9-4		
20 Jul	Slippage fee (Titan, 2 transfers)	-1,200	50,921,942
	You have sent the same 1,200 to 8564-5551-2827 on every 20th since 2982, and each time the relay has charged 0.30 seconds for it. The Bank has suggested a cheaper route, which you have not yet tried, and has not pressed the point. Ref. CIBT-2984-4286-7		
21 Jul	Payroll credit: the Ceres Ring Assay Office	+381,778	51,303,720
	You send Kaito Blackwood-Achterberg the same sum from each wage on the 21st without being asked, and Kaito Blackwood-Achterberg sends back a card on the 21st following, with the same few words, which the Bank files with the receipts. Ref. CIBT-2984-BB2F-7		
21 Jul	Transfer to own account: Titan	-1,379,945	49,923,775
	A cheque drawn on the joint account was presented at the counter in the morning and returned in the afternoon, with a note from the Teller: "Not today, but thank you for asking." The Bank has no further record of it. Ref. CIBT-2984-43FB-4		
31 Jul	Interest at 4.80% APY	+204,729	50,128,504
	The auditors took this line at random from the quarter's run and rebuilt it from the posted rate, the balance and the days in the period. They reached the same figure, and have asked that it be filed in a different coloured ink, so that it stands out from the rest of the run. Ref. CIBT-2984-EE9B-6

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
