Date	Description	Amount (s)	Balance (s)
05 Jul	Payroll credit: the Ceres Ring Assay Office	+381,778	59,043,778
	The wage was rounded to the whole day on the first working day of the quarter, and the fraction was carried to the next quarter, where it was rounded again. The Teller asks that the fraction not be described as lost, since it has been moved and not spent. Ref. CIBT-2986-0217-9		
10 Jul	Slippage fee (London Sector, 4 transfers)	-1,200	59,042,578
	The Ceres Ring Assay Office has asked that its own crossings appear on a separate statement, which the Bank has agreed to. The only line left on yours is for the 4 transfers you sent yourself, and it shows 1,200 seconds. Ref. CIBT-2986-D66E-2		
26 Jul	Deposit: Hall E	+792,604	59,835,182
	You have never asked for a deposit to be made in larger denominations, and the officers at Hall E have come to treat the matter as closed. A note in the file records that you prefer things as they are. Ref. CIBT-2986-1EE9-1		
28 Jul	ATM withdrawal: London Sector	-259,200	59,575,982
	Withdrawals at London Sector are dated by the local day, which begins 36 hours before ours. A draw made just after midnight there is shown on the previous day here, as the Bank's arrangement with the relay requires. Ref. CIBT-2986-AC72-4		
29 Jul	ATM withdrawal: London Sector	-259,200	59,316,782
	Withdrawals at London Sector are usually made by a depositor in a long grey coat who counts the days twice before leaving. This month the depositor was you, and the teller on the concourse has asked us to say that nobody minded. Ref. CIBT-2986-349C-4		
31 Jul	Interest at 4.80% APY	+234,648	59,551,430
	Interest was rounded to the nearest whole second and the half-second carried to the next line, where it earns interest of its own. The Bank has not been asked to stop it and has not offered to. Ref. CIBT-2986-5D45-3
