Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
63,529,358 s	**+1,545,787 s**	**-343,435 s**	**64,731,710 s**

Date	Description	Amount (s)	Balance (s)
07 Mar	ATM withdrawal: London Sector	-86,400	63,442,958
	You have never used the London Sector machine on a wet day, though it is always open. The officers have noted the weather on your file, in case it is ever asked for. Ref. CIBT-2989-8C4E-4		
07 Mar	Lyric Licensing Desk	-78,835	63,364,123
	Renewed on the first morning of the window. The officer at the door asks that this not be mentioned again, as it has become a point of pride between them. Ref. CIBT-2989-0C7D-8		
10 Mar	Deposit: Hall E	+909,892	64,274,015
	The deposit was first posted to 8564-5551-2827, because the slip had been written in the other holder's hand. The hand has been matched against the mandate and the sum moved; the other holder sent a postcard of a station that has since been closed with the apology, and the amount, 909,892, is the one written in yours. Ref. CIBT-2989-E8B1-0		
13 Mar	Payroll credit: the Ceres Ring Assay Office	+381,778	64,655,793
	The Ceres Ring Assay Office on Mars posts its pay at the first light of the sol, which is the hour the Bank's own clock is least inclined to agree with it. The credit is entered at the Bank's hour, which the office says is the more polite choice. Ref. CIBT-2989-5F04-3		
27 Mar	Slippage fee (London Sector, 9 transfers)	-5,400	64,650,393
	The officer checked the fee with one pencil and then with a second, and said that the second was for the first's benefit. It came to 5,400 seconds in both. Ref. CIBT-2989-07A9-5		
28 Mar	ATM withdrawal: London Sector	-172,800	64,477,593
	A withdrawal of this size is usually spent before it is counted, the Teller says, and asks whether that was your intention. Nothing was recorded, so the question stays on the file. Ref. CIBT-2989-7376-5		
31 Mar	Interest at 4.80% APY	+254,117	64,731,710
	The Ceres Ring Assay Office savings scheme pays its interest on the first day of each quarter, and this line is the scheme's own figure, copied across without change. The Bank checked the copy against the scheme's and found no difference, which the officer says is the most that can be asked of any copy. Ref. CIBT-2989-E2A6-8

April 2988 March 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
