Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
63,356,447 s	**+635,203 s**	**-1,576,216 s**	**62,415,434 s**

Date	Description	Amount (s)	Balance (s)
08 Sep	Transfer to own account: Luna	-1,400,416	61,956,031
	The paperwork for this sundry left Luna on the 8th, and its covering letter reached the relay ahead of it, where it waited, politely, for the rest. The relay has accepted this as the usual order for letters that arrive early to apologise. Ref. CIBT-2995-6FD9-6		
15 Sep	Payroll credit: the Ceres Ring Assay Office	+381,778	62,337,809
	The wage pays a monthly subscription to a library of seed catalogues in Luna. A new catalogue is posted each season, and the library expects the last one to have been read before the next arrives. Ref. CIBT-2995-0810-8		
25 Sep	ATM withdrawal: Luna	-86,400	62,251,409
	The machine at Luna has asked to be replaced. The branch has declined, on the grounds that it remains the most reliable object in the building, and the building has few other claims to that. Ref. CIBT-2995-D7C5-0		
25 Sep	Slippage fee (Luna, 5 transfers)	-3,000	62,248,409
	The far relay at Luna keeps its reference by the turning of a ring, so each crossing is recorded against the ring's position on the day it was sent. The ring was slow on the 25th, and the fee of 0.30 s stands as the ring had it. Ref. CIBT-2995-1494-7		
26 Sep	ATM withdrawal: Luna	-86,400	62,162,009
	The 26th line was keyed as a deposit when it was a withdrawal, and the sign was carried into the balance. The balance has been restated. You neither gained nor lost anything that day, though the paper did for a while. Ref. CIBT-2995-B770-1		
30 Sep	Interest at 4.80% APY	+253,425	62,415,434
	The conversion fee has been waived, since the rate on the day the interest was earned and the rate on the day it was posted were the same, a rare coincidence in a branch that keeps two calendars. Ref. CIBT-2995-3947-2		

Closing balance, month by month

Highest 67,387,520 s · lowest 61,619,304 s

October 2994 September 2995

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
