Unit 376, Pallas Ring 10

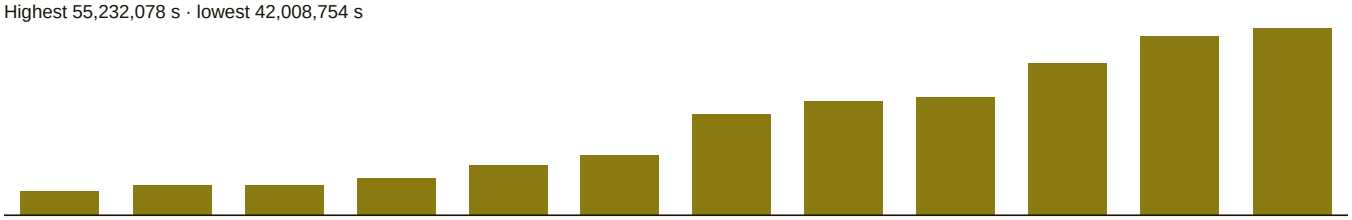

Account 8564-8564-3261
Period 1–30 June 3017
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
54,576,858 s	**+828,320 s**	**-173,100 s**	**55,232,078 s**

Date	Description	Amount (s)	Balance (s)
14 Jun	Payroll credit: the Ceres Ring Assay Office	+381,778	54,958,636
	Pay for 30 days was released late because the convoy that carried it from Ganymede waited at the crossing gate for a second escort. The convoy's leader writes that the wait was entirely proper, and the Bank agrees with the leader. Ref. CIBT-3017-930B-5		
16 Jun	Deposit: Hall E	+228,235	55,186,871
	You walk the envelope from the car park at Hall E by the same two-minute loop, past the fern, as though you might have forgotten something on the way. You have never forgotten anything, and the loop has never once been shortened. Ref. CIBT-3017-BB70-8		
25 Jun	ATM withdrawal: Ganymede	-172,800	55,014,071
	Withdrawal at Ganymede, where the machine keeps the local day and not the branch's. The two days differ by 58 hours, so the transaction is posted on the day the machine was on, which the officer says is the only honest day to use. Ref. CIBT-3017-6B07-6		
28 Jun	Slippage fee (Ganymede, 1 transfers)	-300	55,013,771
	Auditors' query: the 1 crossings were logged at Hall E, but the relay logged them as sent from its own bench, which appears on none of the Bank's plans. The auditors have asked for the bench to be drawn in and given a number. Ref. CIBT-3017-461E-7		
30 Jun	Interest at 4.80% APY	+218,307	55,232,078
	The Ceres Ring Assay Office holds a standing order that credits your interest on the 30th, and its treasurer has asked to see the figure before it is shown to you. The Bank has explained that a statement is not a document the depositor may be kept from, and the treasurer has agreed, with reservations he has put in writing. Ref. CIBT-3017-5E16-8		

Closing balance, month by month

Highest 55,232,078 s · lowest 42,008,754 s

July 3016 June 3017

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
