Period 1–31 July 3022
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
55,704,118 s	**+920,658 s**	**-351,900 s**	**56,272,876 s**

Date	Description	Amount (s)	Balance (s)
10 Jul	ATM withdrawal: Singapore Sector	-172,800	55,531,318
	The sum of 2 Standard days at Singapore Sector matches the withdrawal shown on the 10th last year to the note. The auditors have checked both, and the coincidence belongs to the machine, not the account. Ref. CIBT-3022-5A9A-9		
16 Jul	New Time™ exchange	+36,012	55,567,330
	You count the New Time™ out loud in your own language and then again in ours, and the officer waits for both counts before writing anything down. The recall rules make no provision for this, and the officer has never needed one. Ref. CIBT-3022-43BD-6		
18 Jul	Slippage fee (Singapore Sector, 7 transfers)	-6,300	55,561,030
	Auditors checked the 7 crossings on this account against both clocks and found the fee correct to the second. The one figure they could not account for was their own, which they have since corrected. Ref. CIBT-3022-8883-8		
21 Jul	Payroll credit: the Ceres Ring Assay Office	+381,778	55,942,808
	Pay for the period ending on the 21st, from the Ceres Ring Assay Office. The relay between Singapore Sector and Hall E took 46 days over the transfer, because the sending bank had closed early for a local holiday, and the employer's own dates put it on time. Ref. CIBT-3022-53DB-7		
21 Jul	Deposit: Hall E	+280,052	56,222,860
	Arriving at Hall E on the 21st, the 280,052 was not posted until 30 days later, when the officer on duty had finished the previous day's reconciliation. The interest has been paid from arrival. Ref. CIBT-3022-C737-7		
23 Jul	ATM withdrawal: Singapore Sector	-172,800	56,050,060
	Filed for the auditors: this withdrawal at Singapore Sector was drawn in the quarter's sample of 5 cash-time lines. The machine's log, the relay's log and the branch's copy agree to the second, and the sample has been returned to the ledger without comment. Ref. CIBT-3022-06FD-9		
31 Jul	Interest at 4.80% APY	+222,816	56,272,876
	Your rate is set by the Ceres Ring Assay Office's staff plan and has been raised by a fraction at the start of the year, as the plan promised. The plan has not said by how much. The Bank has said that it will wait, and it has. Ref. CIBT-3022-588C-1		

Closing balance, month by month

August 3021 July 3022

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
