Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
200,412,115 s	**+2,124,181 s**	**-27,357,440 s**	**175,178,856 s**

Date	Description	Amount (s)	Balance (s)
02 Jul	Payroll credit: Interworld Post	+1,406,038	201,818,153
	The wage from Interworld Post was converted from days to our reckoning at a rate rounded to four places, then rounded again to the whole second. The second rounding moved the sum 43 seconds in your favour, the only direction in which this year's rounding has been asked to go. Ref. CIBT-3000-E4B2-2		
02 Jul	Turbulence Cover	-20,894	201,797,259
	The policy was recorded under the old name of its route, which the underwriters renamed after a dispute about the sea it crosses. The renaming was made on the 2nd; the premium is the same, and so is the route, whatever it is called. Ref. CIBT-3000-AB20-4		
06 Jul	ATM withdrawal: New Orleans Sector	-259,200	201,538,059
	Note for the auditors: the withdrawal of 3 Standard days at New Orleans Sector appears on the machine's log a few seconds past the hour and on the branch ledger at the hour. Both are correct. The machine keeps its own time, and the branch keeps the other. Ref. CIBT-3000-015B-1		
06 Jul	Slippage fee (New Orleans Sector, 8 transfers)	-4,800	201,533,259
	Monthly slippage on your recurring crossing from Hall E to New Orleans Sector. The annual amount is worked out once, in 2995, and divided twelve ways; the Clock Standards Board approved the method, and the Teller would rather not explain it again. Ref. CIBT-3000-ABDA-9		
16 Jul	Transfer to joint account	-843,623	200,689,636
	The joint transfer to 8564-7609-4755 was rounded to the nearest five seconds rather than one, because the sum ends in a figure the branch rounds as a courtesy to the sender. The 0.971 shortfall sits at the foot of the page, where Wren Dunmore has initialled it as a kindness to the account. Ref. CIBT-3000-6958-5		
24 Jul	Transfer to own account: New Orleans Sector	-26,228,923	174,460,713
	Pending a second signature, the sundry was held 31 days at the wicket where the light is good. The signature came from Wim Fennimore, who was on leave on another world. Interest for the period has been paid from the first day. Ref. CIBT-3000-B752-9		
31 Jul	Interest at 4.30% APY	+718,143	175,178,856
	For the auditors: interest on a balance this steady is expected to vary by no more than a second in the period, and this period it varied by none. The auditors have not commented, which they regard as their highest form of praise. Ref. CIBT-3000-4512-9		

Closing balance, month by month

August 2999 July 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
