Rafe Gunnarsdottir
Unit 209, Pallas Ring 10

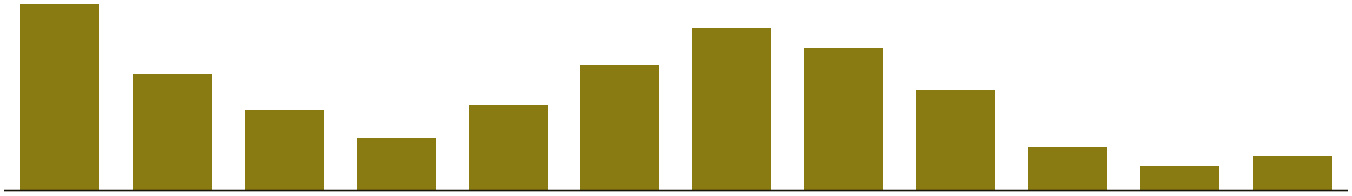

Account 8564-8933-5708
Period 1–31 October 2972
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
1,071,839,527 s	+41,432,738 s	-604,800 s	1,112,667,465 s

Date	Description	Amount (s)	Balance (s)
15 Oct	Deposit: Hall E	+30,014,681	1,101,854,208
	Titan Methane Works sends its deposits by night safe on the last working day of the month, in an envelope marked "wages" and nothing else. The officers take care to use the envelope for nothing else either. Ref. CIBT-2972-C19A-0		
18 Oct	Payroll credit: Titan Methane Works	+8,559,819	1,110,414,027
	The Titan Methane Works wages reached 8564-8933-5708 30 days after the employer sent them, because the remittance was signed by an officer who was on leave. A deputy witnessed the signature, and the credit was posted on the day it was complete. Ref. CIBT-2972-54EC-3		
18 Oct	ATM withdrawal: Kepler Ring	-172,800	1,110,241,227
	The cash paid at Kepler Ring on the 18th was dated the day before, because the machine's date register was mis-set after a fault. It has since been set to the branch's day, and the line now shows the 2 Standard days as of the day it left the drawer. Ref. CIBT-2972-7217-1		
22 Oct	ATM withdrawal: Kepler Ring	-172,800	1,110,068,427
	The receipt for 2 Standard days carries the previous day's date. The machine's clock was a day slow that week and has been corrected at the next service. The date on the receipt matches the machine, so the statement follows it. Ref. CIBT-2972-9B3F-6		
28 Oct	Memory Vault: box 88-730, quarter	-259,200	1,109,809,227
	The Vault prices each box by its storage band, and rounds a box that sits within the first few seconds of a band down to the band below. Box 88-730 sat there this quarter, and was charged accordingly. Ref. CIBT-2972-D2FE-9		
31 Oct	Interest at 3.20% APY	+2,858,238	1,112,667,465
	You have left the interest on deposit for 4 consecutive periods without once checking the figure before the statement arrived. The branch takes this as a compliment, and the statement is now sent with a little less ceremony. Ref. CIBT-2972-5000-9		

Closing balance, month by month

Highest 1,715,423,593 s · lowest 1,071,839,527 s

November 2971 October 2972

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
