Opening balance	Credits	Debits	Closing balance
76,886,043 s	**+530,230 s**	**-1,123,560 s**	**76,292,713 s**

Date	Description	Amount (s)	Balance (s)
01 Nov	Turbulence Cover	-18,566	76,867,477
	The premium on the last statement was calculated on the route's old length, before the lakes were redrawn on the chart. It has been restated on the present distance, and the difference of 0.30 s is credited on its own line. Ref. CIBT-3003-3646-9		
05 Nov	Slippage fee (Singapore Sector, 6 transfers)	-5,400	76,862,077
	Note for the auditors: the 6 crossings were logged by a relay that keeps its own errors in a separate book. The errors total 300 seconds, all in your favour, and the book has been sealed by the auditors with a note across the seal in their own hand. Ref. CIBT-3003-72E3-3		
14 Nov	ATM withdrawal: Singapore Sector	-172,800	76,689,277
	No charge applies. You asked for 2 Standard days and the machine paid out 2 Standard days, which the Bank regards as the most ordinary transaction it has ever recorded, and has recorded with some pleasure. Ref. CIBT-3003-B5C0-2		
15 Nov	Payroll credit: St. Catherine Bakeries	+299,572	76,988,849
	St. Catherine Bakeries pays its staff on Singapore Sector in days and sends the figure here in Standard seconds, converting it at the posted rate as it crosses. That conversion is why this wage is 0.994 of a second larger than the employer's own total. Ref. CIBT-3003-30BB-9		
17 Nov	Transfer to own account: Singapore Sector	-487,851	76,500,998
	A refund of 487,851 was posted as a charge and then, on the officer's second look, as a refund again. The Bank regards that as the usual number of looks for a refund, and two is the number it can afford. Ref. CIBT-3003-8C67-0		
18 Nov	Transfer to joint account	-179,743	76,321,255
	Whether the holders wanted their transfer described as one act or two was put to them at the counter, and when both said two the officer wrote it as one, saying the account did not need the extra line. Ref. CIBT-3003-730C-9		
24 Nov	ATM withdrawal: Singapore Sector	-259,200	76,062,055
	The Audit Committee sampled this line and asked for the machine's own timestamp to be set against the branch's. The two differ by 3 seconds, which is inside the tolerance set for the concourse and is recorded as tolerated, not as explained. Ref. CIBT-3003-D49C-2		
30 Nov	Interest at 3.60% APY	+230,658	76,292,713
	Interest earned at Singapore Sector was worked in the local day and converted to ours at the close. The conversion took 0.970 s, which the line now carries as a note, not as a deduction. Ref. CIBT-3003-96B5-8		

Closing balance, month by month

Highest 81,030,952 s · lowest 69,662,183 s

December 3002 — November 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
