Opening balance	Credits	Debits	Closing balance
90,457,001 s	**+54,103,503 s**	**-448,733 s**	**144,111,771 s**

Date	Description	Amount (s)	Balance (s)
10 Aug	ATM withdrawal: Svalbard	-172,800	90,284,201
	The 2 Standard days was held at Svalbard while a dust front closed the concourse for 29 days. The machine kept the sum in its tray, which is the only place, the custodian says, that it could have been kept. Ref. CIBT-2989-B03B-1		
13 Aug	Turbulence Cover	-14,933	90,269,268
	The delay was 28 minutes, timed from the quay at Svalbard, and the carrier recorded a diversion of the same length in the opposite direction. The claim was paid on your version, and the carrier's is kept beside it in case it changes its mind. Ref. CIBT-2989-4330-2		
15 Aug	Slippage fee (Svalbard, 3 transfers)	-1,800	90,267,468
	A standing order from Hall E to Svalbard, sent twice a month, has been charged the fee every time. The Bank has been asked whether it is paying for the order or for the crossing. The officer says the order is only the crossing with a date on it. Ref. CIBT-2989-3FD8-5		
18 Aug	ATM withdrawal: Svalbard	-259,200	90,008,268
	A withdrawal of 259,200 s, the sum you take most Mondays. The machine has learned to offer it before you ask, which you have not yet accepted. Ref. CIBT-2989-AD92-0		
29 Aug	Payroll credit: Cloudport Aerostat Lines	+6,086,514	96,094,782
	Overtime from Cloudport Aerostat Lines for the period came to 6,086,514, and was taken down to the whole day as the schedule requires. The remainder is not lost; it sits in the employer's own column, which the employer has asked us to keep, and we have. Ref. CIBT-2989-D3FC-6		
29 Aug	Deposit: Hall E	+47,775,771	143,870,553
	The Teller entered the sum in pencil, in case you wished to change it, and you did not. The pencil has been left in the drawer and the entry has not been inked, which is, she says, the most restful arrangement the branch has. Ref. CIBT-2989-E3D7-3		
31 Aug	Interest at 3.20% APY	+241,218	144,111,771
	Interest on your savings runs from the first second of the day you deposit, not from the first second of the next day, as a previous statement implied. That line was a typing error, and the teller who made it has been asked to take the matter up with the typewriter. Ref. CIBT-2989-100F-5		

Closing balance, month by month

Highest 144,111,771 s · lowest 44,562,781 s

June 2989 August 2989

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
