Date	Description	Amount (s)	Balance (s)
02 Aug	Transfer to own account: Phobos	-54,384,042	1,555,400,988
	Each month you return the sundry form with the box marked other and the reason left blank. The officer no longer asks for the reason and files the form under other, which the Bank considers the correct place for it. Ref. CIBT-2998-8D73-0		
09 Aug	ATM withdrawal: Phobos	-86,400	1,555,314,588
	Your receipt from Phobos reads 86,400 and the balance reads One Standard day, and the Bank has been asked which of the two you intended to take. You took the second, and the first has been struck as a figure the machine was too keen to print. Ref. CIBT-2998-5E87-3		
10 Aug	Turbulence Cover	-12,408	1,555,302,180
	Your premium is paid on the morning of each journey, before the journey, which the Bank considers prudent. The carrier has never been asked to test the arrangement. Ref. CIBT-2998-0214-9		
19 Aug	Payroll credit: Cloudport Aerostat Lines	+6,086,514	1,561,388,694
	Last statement's pay line gave the employer's name where the remitter reference should have been. The reference has been restored. The payment itself was correct, and nothing has moved. Ref. CIBT-2998-DACF-0		
22 Aug	Slippage fee (Phobos, 2 transfers)	-1,800	1,561,386,894
	A crossing was posted twice in the second week, once on arrival and once when the relay re-sent it to be sure. The duplicate has been struck. A transfer sent twice does not lose seconds by it, though the Bank has been asked to consider whether it should. Ref. CIBT-2998-47C7-9		
31 Aug	Interest at 3.20% APY	+4,292,760	1,565,679,654
	The teller worked the interest out on the back of a counter slip, rounded it down to the whole second, and wrote beside it in pencil: close enough for a bank. Ref. CIBT-2998-A928-8

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
