Date	Description	Amount (s)	Balance (s)
02 Jun	ATM withdrawal: New Orleans Sector	-86,400	1,575,767,175
	A receipt from New Orleans Sector prints the date by the machine's own plate, which is set to a different day of the week from the Head Office's. The receipt is correct by the plate and the statement by the Bank, and the two have been written up together. Ref. CIBT-3022-474D-6		
07 Jun	Payroll credit: Cloudport Aerostat Lines	+6,086,514	1,581,853,689
	Cloudport Aerostat Lines rounds each month's pay down and each year's pay up, which is the only arrangement under which the year comes out even. This month is an ordinary month, and it was rounded down. Ref. CIBT-3022-E8CA-6		
25 Jun	Transfer to own account: New Orleans Sector	-133,099,350	1,448,754,339
	A refund of 133,099,350 came in from Esme Sorensen-Vey in a bread tin lined with tissue, with a note reading only "for the coffee". The Bank has posted it under refunds, since the coffee was never bought at the counter, and the officer has asked Esme Sorensen-Vey whether the coffee was worth it. Ref. CIBT-3022-D5AC-2		
28 Jun	Turbulence Cover	-14,466	1,448,739,873
	A crossing to New Orleans Sector was held 30 Standard days by a storm the carrier's log describes as "weather in the lower air". The underwriter has accepted the phrase, since the cover does not define air. Ref. CIBT-3022-06D0-7		
30 Jun	Interest at 3.20% APY	+4,202,276	1,452,942,149
	The interest on your Chrono-Forex holding is credited in the pair's base unit and converted at the close of the 30th. The figure beneath it is the conversion, not the interest, and the two should not be read as one. Ref. CIBT-3022-F965-3
