Date	Description	Amount (s)	Balance (s)
03 Dec	Transfer to own account: Bronx Sector	-6,394,147	59,638,659
	Titan Methane Works reimbursed the stationery sundry of 6,394,147 on a form the Bank had not issued. The form has been sent back to the firm with a request that it be used for the purpose it was printed for, and the firm has asked whether the request should be on a form. Ref. CIBT-3003-CA8C-3		
05 Dec	ATM withdrawal: Bronx Sector	-259,200	59,379,459
	The withdrawal shown was Titan Methane Works's bonus, paid in cash through the machine at Bronx Sector. The firm insists on calling it a bonus. The machine insists on calling it a withdrawal. Both are correct, and the Bank has entered them on separate lines. Ref. CIBT-3003-C703-9		
08 Dec	ATM withdrawal: Bronx Sector	-259,200	59,120,259
	Correction: the withdrawal on the 8th was rounded down by the machine to whole days, a rule the Bank had not known it had until this statement. The difference, 0.978 day, is returned on this line, and the withdrawal is shown as it was made. Ref. CIBT-3003-C082-9		
14 Dec	Payroll credit: Titan Methane Works	+296,682	59,416,941
	The rounding on your Titan Methane Works wages was applied twice across two periods in 3001, taking 0.957 from the pay in error. That 0.957 has been restored to the next credit, which is the only correction the rounding rule allows. Ref. CIBT-3003-B430-5		
31 Dec	Interest at 3.30% APY	+181,590	59,598,531
	Interest at 3.30% APY is posted in whole seconds at the close of each Pallas Ring 10 day. Anything smaller than a second is entered in pencil on the back of the worksheet, and the officer who initials the worksheet has never yet had to add it up. Ref. CIBT-3003-3F2A-4

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
