| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 01 May | Deposit: Hall E | +1,536,090 | 31,444,968 |
| | The Committee has read the deposit slip for the 1st against the window's notebook, the night safe's log and the depositor's own count written on the envelope. All four agree, and the Committee notes it was not asked to choose between them. Ref. CIBT-3003-5C07-1 | | |
| 17 May | Payroll credit: the Authority Records Office | +160,479 | 31,605,447 |
| | Payment from the Authority Records Office was credited 30 days after the sender's month had closed, because its calendar still showed last month on the last page. The calendar has been replaced, and the credit was allowed in full. Ref. CIBT-3003-4FC5-0 | | |
| 18 May | Transfer to joint account | -96,287 | 31,509,160 |
| | The credit for 96,287 arrived 30 days after its date, because both holders had to be present to confirm it, and only one had reached Hall E at the time. The second holder came in on the 18th, and the credit was made that afternoon. Ref. CIBT-3003-4EA3-5 | | |
| 21 May | ATM withdrawal: The Belt | -86,400 | 31,422,760 |
| | Withdrawals at The Belt are usually made by a depositor in a long grey coat who counts the shifts twice before leaving. This month the depositor was you, and the teller on the concourse has asked us to say that nobody minded. Ref. CIBT-3003-96F4-1 | | |
| 24 May | Turbulence Cover | -16,927 | 31,405,833 |
| | You file a Turbulence Cover claim on the morning after every delay, before the carrier has finished apologising. The Bank regards this as admirable, and the carrier regards it as unnecessary. Ref. CIBT-3003-19D2-2 | | |
| 25 May | ATM withdrawal: The Belt | -259,200 | 31,146,633 |
| | Dispensing took longer than usual because the machine read your card twice, once for each world it had been told you might be on. The second reading agreed with the first, and the withdrawal is correct. Ref. CIBT-3003-C09B-6 | | |
| 29 May | Slippage fee (The Belt, 1 transfers) | -600 | 31,146,033 |
| | Auditors' query: the slippage on 8564-9296-4635 was reckoned on the relay's clock at The Belt, which was re-set while the transfer was in transit. The re-set is recorded, and the auditors accept that the seconds were in the air when it happened. Ref. CIBT-3003-D63A-6 | | |
| 31 May | Interest at 3.70% APY | +92,219 | 31,238,252 |
| | The statement fee for this period is waived. A paper copy of an interest line is normally charged for, but this one was requested by a depositor who was owed it, and the Bank does not charge for that. Ref. CIBT-3003-B5D1-4 | | |
