Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
17,121,089 s	**+512,776 s**	**-139,555 s**	**17,494,310 s**

Date	Description	Amount (s)	Balance (s)
01 Nov	Slippage fee (Oakland Sector, 6 transfers)	-1,800	17,119,289
	Crossings from Oakland Sector are reckoned on the local day, which runs 52 Standard hours longer than the Head Office day. The fee for 6 transfers is set on that basis, and nobody at the relay has complained about it. Ref. CIBT-3000-A7AF-0		
01 Nov	Turbulence Cover	-9,232	17,110,057
	The first delay of any journey is never claimed, only the second, on the grounds that the first is usually the carrier warming up. The underwriters have accepted the pattern and asked for the warm-up schedule. Ref. CIBT-3000-2E6C-5		
12 Nov	Payroll credit: Cloudport Aerostat Lines	+127,150	17,237,207
	Reconciled against the employer's ledger on the 12th. The ledger is kept in days and the statement in Cloudport Aerostat Lines's own figures, and the two were brought together by hand, which the auditors describe as slow and correct. Ref. CIBT-3000-F51B-3		
12 Nov	Temporal Health Plan	-42,123	17,195,084
	The annual health check was paid for on the 12th, as it is each year. The plan's officer notes that the check found nothing it had not found the year before, which the officer describes as the best result on offer. Ref. CIBT-3000-1283-1		
18 Nov	ATM withdrawal: Oakland Sector	-86,400	17,108,684
	Cloudport Aerostat Lines asked that its staff's withdrawals be kept off the statement and grouped under one heading, and the Bank agreed. Your share on the 18th was One Standard day and appears under that heading with the others. Ref. CIBT-3000-12C3-2		
20 Nov	Deposit: Hall E	+324,276	17,432,960
	Entered as a withdrawal on one line, because the slip had been filled in from the back. The line has been turned the right way up. A sum is a deposit from the day it was made, whichever way the slip was written. Ref. CIBT-3000-9D49-9		
30 Nov	Interest at 4.30% APY	+61,350	17,494,310
	Interest on Oakland Sector is paid in days, and the local day on which it was earned is one the Head Office does not keep. It has been credited on the nearest Earth day, which is the one printed here. Ref. CIBT-3000-E90B-5

December 2999 November 3000

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
