Date	Description	Amount (s)	Balance (s)
11 Jun	Deposit: Hall E	+568,623	7,284,914
	Two signatures are on the envelope and a third on the slip, in an order the counter has never seen before. The auditors have checked each against the register and have found all three to be the holder's own, though one of them is a little more hurried. Ref. CIBT-3012-10AE-9		
12 Jun	ATM withdrawal: Singapore Sector	-172,800	7,112,114
	The Teller at Hall E asks us to record that your withdrawal at Singapore Sector was the last of the morning, and that the machine was tidied afterwards. This is not part of its duties, and it was done regardless. Ref. CIBT-3012-1414-0		
16 Jun	Slippage fee (Singapore Sector, 3 transfers)	-900	7,111,214
	You fold the slip once, lengthwise, and slide it into the back of the passbook without reading the total, as you have done every month since 3008. The officer reads the total for you and then folds the passbook back, so that each of you has done one half of the job. Ref. CIBT-3012-C7B8-2		
25 Jun	Transfer to joint account	-88,485	7,022,729
	The auditors have reconciled the joint account to the second against each holder's own books, and the books agree with each other and with the Bank. They ask that the three agreements be entered as one line. Ref. CIBT-3012-FF4F-0		
30 Jun	Interest at 4.30% APY	+24,066	7,046,795
	The 30th line was keyed from a pencil draft in which the sixth digit of the rate had been written as a 3 and corrected to an 8 without initials. The rate is 4.30% APY, the interest has been worked again from it, and the 37 seconds the error cost you are credited below. Ref. CIBT-3012-4952-0

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
