| Date | Description | Amount (s) | Balance (s) |
|---|---|---|---|
| 03 Jan | ATM withdrawal: New Orleans Sector | -172,800 | 787,566,569 |
| | The Teller who signed off this withdrawal says the machine had already paid out when she arrived, and that she only confirmed the payment. She considers this the most sensible division of labour she has seen. Ref. CIBT-3003-130D-4 | | |
| 16 Jan | Payroll credit: the Lagrange Four Commissary | +8,100,862 | 795,667,431 |
| | The Lagrange Four Commissary pays by sending a receipt for the pay, which the Bank honours as a credit and files as a receipt for the receipt. The file is now 30 sheets thick, and nobody has asked for it to be made thinner. Ref. CIBT-3003-2F37-4 | | |
| 20 Jan | ATM withdrawal: New Orleans Sector | -172,800 | 795,494,631 |
| | Every time you use the machine you say the sum aloud before pressing the key, quietly, as though it might change its mind. Ref. CIBT-3003-7E95-2 | | |
| 25 Jan | Transfer to own account: New Orleans Sector | -24,480,459 | 771,014,172 |
| | An item of 24,480,459 is recorded on the 25th, a day before the transfer was received. The sender's clock runs 49 seconds ahead of ours on that route, and the sender's date was taken, as the terms require. Ref. CIBT-3003-0489-1 | | |
| 31 Jan | Interest at 3.50% APY | +2,297,573 | 773,311,745 |
| | The interest for this period was posted 31 days late. The relay that carries the rate was asked to confirm it in seconds and again in days, and the two answers did not match until the second morning, when they did. Ref. CIBT-3003-700F-9 | | |

## Closing balance, month by month

February 3002 January 3003

*Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.*
