Period 1–31 March 3003
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
692,807,079 s	**+10,121,549 s**	**-30,774,246 s**	**672,154,382 s**

Date	Description	Amount (s)	Balance (s)
14 Mar	Payroll credit: the Lagrange Four Commissary	+8,100,862	700,907,941
	The wage from the Lagrange Four Commissary was converted from days to our reckoning at a rate rounded to four places, then rounded again to the whole second. The second rounding moved the sum 38 seconds in your favour, the only direction in which this year's rounding has been asked to go. Ref. CIBT-3003-B1A0-6		
26 Mar	ATM withdrawal: Oakland Sector	-172,800	700,735,141
	You count the notes twice at the machine and once at the Hall E counter, and each time the total is the same. The officer reads this as thoroughness rather than anxiety, and has decided to keep the reading on file. Ref. CIBT-3003-F62D-0		
27 Mar	Transfer to own account: Oakland Sector	-30,600,546	670,134,595
	Note for the auditors: the sundry credit from Oakland Sector was converted at the rate in force on the day it was sent, not the day it arrived. The two rates differ by 0.994. The conversion follows the terms, and nothing further is required. Ref. CIBT-3003-5CE8-3		
28 Mar	Slippage fee (Oakland Sector, 3 transfers)	-900	670,133,695
	The fee of 900 s covers 3 transfers, all sent on the 28th, which is the day you always send them. Over the years the Oakland Sector relay has learned the habit and saves you the first slot, which the Bank records as a service and charges as one. Ref. CIBT-3003-E5AF-5		
31 Mar	Interest at 3.50% APY	+2,020,687	672,154,382
	The interest for the 31st was calculated on the balance before the deposit went in, not after. The deposit was on time; the interest was short by 45 seconds, which has been paid in full on this line. Ref. CIBT-3003-1C1A-8		

Closing balance, month by month

Highest 1,120,550,395 s · lowest 672,154,382 s

April 3002 March 3003

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
