Anouk Bracegirdle
Unit 139, Pallas Ring 10

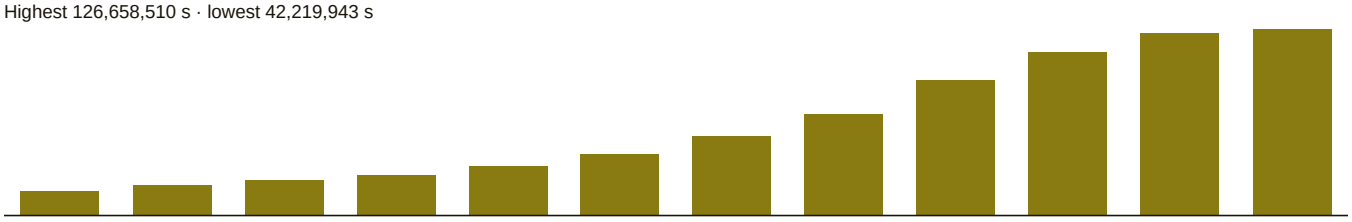

Account 8564-9804-7708
Period 1–31 July 2975
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
124,633,510 s	**+2,330,234 s**	**-305,234 s**	**126,658,510 s**

Date	Description	Amount (s)	Balance (s)
06 Jul	Deposit: Hall E	+847,245	125,480,755
	Cash to the value of 847,245 was received at the Hall E window. The fraction left over from the count, 0.984 of a second, was entered in the margin in pencil and left for you to claim. It has not yet been claimed, and the pencil is holding up well. Ref. CIBT-2975-951D-2		
11 Jul	ATM withdrawal: Phobos	-259,200	125,221,555
	For the audit file: the withdrawal agrees with the cash count taken at the close, the machine's own count and the relay's copy. The three have not differed since 2974, and the Committee has noted the fact without comment. Ref. CIBT-2975-8A41-7		
14 Jul	Payroll credit: Phobos Drydock	+984,455	126,206,010
	A credit from Phobos Drydock, carrying the note "for the work done in the cold". The Teller has accepted the credit and asks whether the note is a clause in the contract or a remark from the foreman. She has not been able to find out and has decided to leave it where it is. Ref. CIBT-2975-D864-5		
23 Jul	Temporal Health Plan	-43,334	126,162,676
	Phobos Drydock changed its health scheme on the 23rd, and your cover moved across with it. Nothing on this statement has changed except the name of the plan, which the scheme's administrator asks us to call a reorganisation rather than a reduction. Ref. CIBT-2975-D04D-1		
24 Jul	Slippage fee (Phobos, 9 transfers)	-2,700	126,159,976
	A correction: the slippage on your transfer of the 24th was calculated from the day it was keyed, not the day it was sent. The two days are the same in every respect except the one that matters to the fee. Ref. CIBT-2975-2BF6-5		
31 Jul	Interest at 4.80% APY	+498,534	126,658,510
	The rounding account has carried the same fraction of a second for 8 years, and no statement has ever shown it. The clerks who look at it agree that it is not theirs to explain. Ref. CIBT-2975-2EDE-1		

Closing balance, month by month

Highest 126,658,510 s · lowest 42,219,943 s

August 2974 July 2975

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
