Date	Description	Amount (s)	Balance (s)
12 May	ATM withdrawal: Singapore Sector	-86,400	70,941,119
	Standing cash-time of 0.991 day, paid to the same account each time since 2976, and returned by the same machine on the following Thursday. The Bank has no objection and has not yet been asked to explain it. Ref. CIBT-2979-837E-0		
19 May	Payroll credit: Phobos Drydock	+984,455	71,925,574
	The wage was held for 31 Standard days at Singapore Sector, while Phobos Drydock and the Bank agreed on when the pay period ended. It was then paid in full, with the interest a held wage earns. Ref. CIBT-2979-537C-5		
26 May	Transfer to own account: Singapore Sector	-5,196,438	66,729,136
	A sundry for the loan of 7 pens at Hall E, to sign the forms in your presence, charged per pen. The pens were returned, and the charge is for the ink used, which the office considers the only part of a pen that is ever really lent. Ref. CIBT-2979-EF7C-0		
29 May	Temporal Health Plan	-20,889	66,708,247
	The eye examination booked for the 29th took place 30 days later, when the optician's branch closed for a holiday of its own. The plan has kept the claim on the day it was performed, not the day it was booked. Ref. CIBT-2979-E11D-4		
30 May	ATM withdrawal: Singapore Sector	-86,400	66,621,847
	Phobos Drydock sent the cash for the Singapore Sector machine under a seal that the officer on duty opened in front of you. The seal was in good order, and the officer has asked that this be recorded, as the sealing is Phobos Drydock's custom and not ours. Ref. CIBT-2979-B30C-1		
31 May	Interest at 4.80% APY	+284,110	66,905,957
	The statement shows interest to the second. The balance itself is held to the tenth, so the figure printed is a rounding of the figure used. The difference goes to the Bank's favour in each month and to yours in each year, which is the arrangement the Bank describes as balanced. Ref. CIBT-2979-C238-3		

Closing balance, month by month

Highest 118,375,458 s · lowest 66,905,957 s

June 2978 May 2979

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
