Period 1–31 May 2985
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
103,817,561 s	**+4,050,162 s**	**-121,261 s**	**107,746,462 s**

Date	Description	Amount (s)	Balance (s)
01 May	Payroll credit: Phobos Drydock	+984,455	104,802,016
	Your wages were delayed 28 days because Phobos Drydock's paymaster was unwell and the deputy's signature was still on the wrong form. The deputy signed on the 1st, and the paymaster, once recovered, asked whether the delay had been noticed. It had. Ref. CIBT-2985-8C2E-8		
16 May	Temporal Health Plan	-32,761	104,769,255
	You have never queried a premium, though the plan's letter invites a query every year and is amended every year to say that you are not expected to send one. Ref. CIBT-2985-0197-5		
22 May	ATM withdrawal: Luna	-86,400	104,682,855
	Withdrawal at Luna, where the machine keeps the local day and not the branch's. The two days differ by 35 hours, so the transaction is posted on the day the machine was on, which the officer says is the only honest day to use. Ref. CIBT-2985-78D4-7		
24 May	Deposit: Hall E	+2,650,437	107,333,292
	A deposit of 2,650,437 arrived on the 24th from an account with no holder's name. It has been credited to your account, as the Bank has always done with money that arrives without a name, and the source has been filed. Ref. CIBT-2985-5A23-5		
30 May	Slippage fee (Luna, 7 transfers)	-2,100	107,331,192
	You send 7 crossings in the same order every month: the small one first, then the large, then the one you have said you will cancel. The fee has never depended on the order, though the officers have tested it. Ref. CIBT-2985-690B-1		
31 May	Interest at 4.80% APY	+415,270	107,746,462
	You asked whether the interest should be read aloud or left on the page to be read. You chose the page, and the counter has since read it aloud to you anyway, as the page seemed to expect. Ref. CIBT-2985-EFC3-3		

Closing balance, month by month

Highest 107,746,462 s · lowest 58,604,473 s

June 2984 May 2985

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
