Period 1–31 January 2990
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
125,336,421 s	+1,485,800 s	-13,308,541 s	113,513,680 s

Date	Description	Amount (s)	Balance (s)
03 Jan	ATM withdrawal: Nairobi Sector	-259,200	125,077,221
	The withdrawal on the 3rd was printed as 259,200, which was a transcription error. The machine's log shows 3 Standard days, the figure now on this line, and the difference was never in the machine. Ref. CIBT-2990-BED4-7		
14 Jan	Transfer to own account: Nairobi Sector	-12,753,136	112,324,085
	The sundry raised on the 14th was not posted until 31 days later, because it needed a second officer to countersign it at Nairobi Sector, and that desk keeps its own calendar. It was posted on the first day the calendar agreed with ours. Ref. CIBT-2990-7CC2-1		
19 Jan	Temporal Health Plan	-37,005	112,287,080
	For the auditors: the claim for 6 sessions agrees with the clinic's register and the plan's ledger, session by session. The one difference, a session entered at the wrong hour, was traced to a register kept by hand for a month. Ref. CIBT-2990-AD09-0		
21 Jan	Payroll credit: Phobos Drydock	+984,455	113,271,535
	The payroll office gave the wrong remitter reference for this credit, which is why it was held at the counter for 30 days. The reference has been corrected and the credit posted to the right account. Ref. CIBT-2990-16C4-4		
22 Jan	ATM withdrawal: Nairobi Sector	-259,200	113,012,335
	The Nairobi Sector machine sits in a cold alcove, and the notes it dispenses are a little stiff for the first minute. The custodian asks that you not hold this against the machine, which is doing its best in a bad position. Ref. CIBT-2990-4338-2		
31 Jan	Interest at 4.80% APY	+501,345	113,513,680
	A credit of 19 seconds of interest was entered twice, once on the 31st and once the day after. The second entry has been reversed; the first is correct, and the balance on the 31st stands as printed. Ref. CIBT-2990-1682-1

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
