Date	Description	Amount (s)	Balance (s)
04 May	Temporal Health Plan	-38,872	91,319,754
	The clinic at Oakland Sector invoices in days and sends its accounts on its own local day, so the claim for 4 sessions reached us a day before the sessions were booked. The plan has accepted the clinic's calendar, on the basis that it is the only one on the station. Ref. CIBT-2990-CC68-6		
05 May	Slippage fee (Oakland Sector, 3 transfers)	-900	91,318,854
	You send the first transfer of each month at the minute the relay resets its clock, and the officer has stopped asking how you know the minute. Ref. CIBT-2990-8FAB-9		
06 May	ATM withdrawal: Oakland Sector	-86,400	91,232,454
	You draw One Standard day on the first working day of the month and leave the notes in the envelope marked for the month after, so that the envelope is always one ahead. The officer asks whether the envelope is still needed, and you say that it is. Ref. CIBT-2990-DCD9-2		
08 May	Transfer to own account: Oakland Sector	-4,658,232	86,574,222
	Fees for the coming three quarters were paid in advance at the counter, and you asked the officer to note the advance on the slip. The officer did so, though there was nothing to note beyond the sum itself. Ref. CIBT-2990-7F89-0		
27 May	Payroll credit: Phobos Drydock	+984,455	87,558,677
	Phobos Drydock sends its wages with a slip that lists the days of the period it has paid for and, underneath in smaller type, the days it has decided were not worked. The total is correct. The Bank has checked it against both lists and found that the second is the shorter. Ref. CIBT-2990-F54F-7		
31 May	Interest at 4.80% APY	+365,434	87,924,111
	Nadia Blackwood says interest is paid for patience and not for performance, and that a statement of it is therefore a form of thanks. The thanks is itemised to the second. Ref. CIBT-2990-071D-2
