Period 1–31 March 2991
Branch Hall E, Pallas Ring 10
Clock Pallas Ring 10 local

Opening balance	Credits	Debits	Closing balance
124,422,336 s	**+1,482,144 s**	**-11,012,180 s**	**114,892,300 s**

Date	Description	Amount (s)	Balance (s)
14 Mar	Temporal Health Plan	-43,915	124,378,421
	A reimbursement landed on the wrong dentist's books, because a physiotherapist on Venus shares a surname with him. The two have been separated, the dentist has been paid nothing, and he has not yet complained, which the plan takes as a sign he has not noticed. Ref. CIBT-2991-4BC7-3		
15 Mar	Payroll credit: Phobos Drydock	+984,455	125,362,876
	The credit from Phobos Drydock, sent through Venus, was struck in days, rounded down to the whole, and converted at the rate posted for the day of the crossing. It was then kept in the cubby by the stamp pad until the local morning arrived. Ref. CIBT-2991-0E7B-1		
25 Mar	Transfer to own account: Venus	-10,968,265	114,394,611
	A sundry fee for copying the timesheet posted from the wrong day for the file. The office was asked for one copy and sent two, and the second has been charged to the office, not to you. Ref. CIBT-2991-74F5-3		
31 Mar	Interest at 4.80% APY	+497,689	114,892,300
	The interest credited on the 31st was calculated on the balance before the deposit, not after it. The difference of 0.30 s has been added to this statement. It was the Bank's error, and the Bank has said so in the correct line. Ref. CIBT-2991-94FE-1		

Closing balance, month by month

April 2990 March 2991

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
