Opening balance	Credits	Debits	Closing balance
106,520,077 s	**+1,410,535 s**	**-12,044,509 s**	**95,886,103 s**

Date	Description	Amount (s)	Balance (s)
06 May	Payroll credit: Phobos Drydock	+984,455	107,504,532
	The 0.30 s handling fee on the Phobos Drydock pay was taken back the day after it was charged. The payroll office had sent a note asking why its own staff were being charged for being paid. Ref. CIBT-2991-901F-7		
07 May	Slippage fee (Bronx Sector, 1 transfers)	-600	107,503,932
	The 1 crossings were recorded against another holder's account for the first half of the period. Their fee has been moved across with them, and the other holder has been told only that the matter is in hand. Ref. CIBT-2991-39CF-8		
08 May	Transfer to own account: Bronx Sector	-11,503,929	96,000,003
	Copies are charged by the page, and any part of a day left over from a sheet is rounded up, so 58 pages cost one day more than their arithmetic. The Bank regards this as the way its sums are done, not as a charge. Ref. CIBT-2991-E30F-1		
09 May	Temporal Health Plan	-21,580	95,978,423
	Your eye examination is booked every 31 months under a standing claim, and each one is paid to the day. The optician's calendar matches the plan's for once, and the plan has made a note of it in case that changes. Ref. CIBT-2991-B41E-9		
10 May	ATM withdrawal: Bronx Sector	-259,200	95,719,223
	The withdrawal was made at the Phobos Drydock office at Bronx Sector, from a machine installed for the company's own staff. The company was billed the fee and declined it, and the Bank has written the line off rather than argue the point with a staff canteen. Ref. CIBT-2991-5313-7		
18 May	ATM withdrawal: Bronx Sector	-259,200	95,460,023
	The days for your withdrawal at Bronx Sector had to be restocked by hand from the drawer below, which the Bank does not hurry. The machine waited 47 minutes, politely, and then dispensed in full. Ref. CIBT-2991-A2CF-5		
31 May	Interest at 4.80% APY	+426,080	95,886,103
	Interest on a balance of less than a whole second is not rounded at all, the Bank's view being that a small sum is already close enough to the truth. The figure above is therefore exact. Ref. CIBT-2991-AD4B-4

Balances accrue every second of every day by the Standard clock and are shown in Standard Galactic Seconds. Transfers between branches whose clocks disagree carry the slippage fee shown in the Daily Slippage Report for the day of transfer. Deposits are insured by the Temporal Deposit Insurance Corporation up to 10,000 years per depositor, per epoch.
